

## ANSWER OF CHIEF JOHN W. WYMAN SUBMITTED TO THE SUPREME COURT

### Document Admits Many of the Allegations of the Plaintiff, But Claims the Law Was Obeyed in Every Particular.

Attorney Jason H. Brookes today filed answer with the supreme court at Columbus to the quo warranto proceedings entered by Solicitor George E. Davidson against Chief of Police John W. Wyman, for the purpose of ousting him from office.

The next step in this case will be the appointment of a commissioner to hear the testimony of each side. Who the commissioner will be no one knows. Attorneys Brookes and Davidson will get together some time during the present week for the purpose of deciding on an attorney to recommend to the supreme court for the appointment, and if they should fail to agree the court will use its own discretion. The commissioner will set the day for the hearing, which it is thought will be early in February. It will be held probably in the council chamber, city hall.

After the testimony is secured by the commissioner it will be submitted to the supreme court, which will likely pass upon it immediately, dispelling the custom of allowing cases appealed to it to go by for a year or two. The attorneys for the defendant are Brookes & Thompson, of this city, and Billingsley, Clark & De Ford, of Lisbon; for the plaintiff, Solicitor Davidson, of this city, and Attorney W. F. Lones, of Wellsville.

Following is the defendant's answer:

In the Supreme Court of the State of Ohio.

The State of Ohio, ex rel. John M. Sheets, the Attorney General, Plaintiff, vs. John W. Wyman, Defendant; Answer.

The defendant, John W. Wyman, for answer to the petition herein, admits that he holds and exercises the office of chief of police of the city of East Liverpool, Ohio, and avers that he was appointed to said office by the mayor of said city on the 3d day of December, 1903, from the classified list of the police department of said city, and that said appointment was made according to the laws of said state and the ordinances, rules and regulations of said city in force at the time said appointment was made.

The defendant admits that at the time of the taking effect of the act passed October 22, 1902, commonly known as "the Municipal Code," the defendant was not a patrolman or employed in any manner in the police department of said city; admits that prior to May 4, 1903, there had been no office of chief of police in said city and that said office was therefore vacant at the time said act took effect; admits that on the 20th day of July, 1903, the city council of said city, by ordinance duly passed, determined that the police department of said city should be composed of one chief of police, seven patrolmen and one night

policeman or janitor; admits that there is in said city a board of public safety consisting of four members, to-wit: James H. Grafton, William L. Taylor, Daniel M. Ogilvie and Job H. Dawson, who were appointed by William A. Weaver, the mayor of said city; admits that said Mayor William A. Weaver, on the 4th day of May, 1903, appointed the defendant as temporary chief of police, to fill temporarily the vacancy existing in that office; admits that on the 20th day of August, 1903, said board of public safety classified the offices and places of appointment and employment in the police department as provided by said ordinance, and adopted certain rules to carry out the purpose of the merit system as contained in the municipal code, and for examination, appointments, promotions and removals in accordance with its provisions; admits that one of said rules, as required by section 161 of the Municipal Code, provides:

"Any personal solicitation to any officer or member of said board or to the appointing power in favor of any candidate by any person whatsoever, unless fraudulently done in order to injure him, shall be taken to be and deemed to have been done at the instance of the candidate himself and shall disqualify him from competing at any examination for appointment for

## TRACK LAYING WILL BEGIN SOON

ON THE YOUNGSTOWN & SOUTHERN RAILWAY.

More Than Half a Hundred Carloads of Rails And Spikes Received at Youngstown.

Salem, January 25.—(Special).—Fifty-six carloads of rails from the Lackawanna Steel company reached Youngstown Saturday, consigned to the Youngstown & Southern Railway company, and are being unloaded in the Youngstown & Southern yards in that city.

Accompanying the shipment of rails were two carloads of spikes, and it is claimed that 19 more cars of rails were expected.

This information was brought to Salem through a reliable source—a prominent contractor having business with Secretary John Ruhlman of the road on Friday, having brought the information direct.

This means that actual track laying will begin within a very short time on the Youngstown end of the line. The road will undoubtedly be hustled in construction between Youngstown and North Lima, for coal is already being taken from the Jones-Ruhlman mines there and sold on the ground.

## AN ENTIRE FAMILY HAS SMALLPOX

Disease at Salineville and No Nurse To Be Had For Love or Money.

Salineville, January 25.—(Special).—The entire family of William Benson are confined to their homes with an attack of smallpox. The young man, Arthur, who was the first to contract the disease, is getting well, but the rest of the members of the family refused to be vaccinated and as a result they are all down with the disease. Friday they made application to the township trustees of Franklin township for assistance. They especially need a nurse to attend the sick, but an effort to secure one in town here has been futile.

It is probable that a nurse will be obtained in some of the cities to care for the stricken family. So far none other than the members of the family have contracted the disease, though many neighbors were exposed to it. A soloist at these concerts is Pablo Casals, smallpox was prevalent.

## STEPPED FROM A MOVING TRAIN

A Salineville Young Man Badly Hurt As the Result of Carelessness.

Salineville, January 25.—(Special).—Frank Wright, a young man employed in the mines, met with a severe accident while alighting from the evening train Friday evening near the New shaft mine. He had been down the road and on returning did not get off at the depot for some reason. When he saw that he had passed his destination he attempted to get off the fast moving train and in doing so fell on his face, terribly lacerating the flesh. He received an ugly gash about three inches long above his eye and another below his left optic.

The entire side of his face was badly bruised. The services of a physician who dressed his wounds and sewed up the gaping wounds was promptly secured.

## FORCLOSURE SUIT

Brought By Lisbon Bankers Against a Defendant in Leontia.

Lisbon, January 25.—(Special).—S. J. and Ed Firstone, bankers, doing business here as Firstone Bros., have begun foreclosure proceedings against Agatha Landahl, of Columbiana, asking judgment for \$500 with interest at 8 per cent from October 13, 1903, alleged to be due on a promissory note secured by a mortgage on lots in Columbiana. The note was given in 1892 by Eberhart Landahl, now deceased, and his wife, the defendant in this case.

## THE FLOOD'S FURY IS NOW EXHAUSTED

Things Again Resuming Normal Conditions In This Vicinity.

## MUCH WORK WAS REQUIRED

To Repair Damage By Water at the Potteries and Pumping Station. Hard Lines For Many of the Inhabitants of Jethro.

With a stage of 22 feet in the channel here at 3 o'clock and the fall increasing with every hour, the flood may be said to have spent itself. The damage to property at every point was greater than had been anticipated, coming mainly from the heavy ice which was carried out of the Ohio and its tributaries. The rise was so rapid that the huge cakes were hurled against the banks with terrific force and swept everything before them. East Liverpool's loss will amount to many thousands of dollars in actual damage not to mention the detriment from suspension of operations in the potteries and other establishments.

The News Review informed its readers on Saturday that the highest stage would be reached by midnight, but at that time the breaking up of the Beaver had not been calculated upon, and it was several hours later when the highest point was attained. The Beaver river has never before been formidable in its operations, and that it would reach a stage that could be considered dangerous was not taken into consideration. It was therefore between 2 and 3 o'clock Sunday morning before the stationary point was attained. When the waters began to recede the fall was scarcely perceptible. From 3 o'clock in the morning until five Sunday evening the river had fallen but two and one-half feet. The increase was gradual and every hour until the present has indicated an increase in the amount of the fall.

At all of the river potteries and every factory along the river from the East End to Walker's increased forces of workmen were put to work as soon as the water reached a point at which the men could wade into the lower stories, and the operations have been in progress since yesterday morning. The damage done in every instance was considerable. The machinery and boiler rooms were submerged, and a vast amount of damage done. It is estimated that a greater portion of the week will be required in setting matters right at the Harker, National and Colonial potteries.

The city water works pumping station was perhaps the worst off of any of the river concerns, and partly because the plant contained more and better machinery than any of the others and on account of its proximity to the river, the damage will reach \$300. Machinery was damaged, windows smashed, and woodwork bruised and soaked, and it will be some time before repairs have been completed. The pumps were started at 10 o'clock last night, but difficulty was encountered from the start owing to the presence of the water and ice. Superintendent Morley stated that the supply of water had held out remarkably well, and at the time the pumps resumed there was seven feet of the best kind of water in the reservoir. From now on there will be no lack of water.

Shantytown was the scene of busy operations all of yesterday and today. The proprietors of houseboats escaped remarkably well considering the extent of the flood. Of the probably 20 boats anchored along the shore from Broadway to Jethro, only four were totally demolished, and but few were rendered uninhabitable. The owners were engaged today in regulating lines and cleaning out the interior preparatory to moving in. In some cases the contents of the boats had been taken out as an extra precaution, and it was well that they had, for none escaped some damage from water. So rapidly did the waters recede once they started that the W. Perrine, a huge houseboat, 15x45 feet, was left high and dry at the rear of the Cartwright Bros. pottery. The owner with what help he could secure started at an early hour this morning on the task of relaunching the craft, and it was not until after 11 o'clock that the feat was accomplished. The big boat was pushed over the edge of the bank, and fell some 12 feet into the water. It alighted on its side, but turned right side

## LAWS TO PROTECT LABOR EXPECTED THIS SESSION

### Ohio Federation Committee Succeeds in Killing Off the Offensive York Bill.

### IMPORTANT MEASURE BY HON. E. W. HILL

If the working people of the state of Ohio fail to secure a vast amount of beneficial legislation at the hands of the lawmakers during the present session, it will not be the fault of the State Federation of Labor nor the legislature themselves. The efforts of the executive board of the latter organization when it met at Columbus last week were most gratifying, and will be productive of a great deal of good. The local member of the board arrived home Saturday, and will make a detailed report to the central labor union at its next meeting.

The executive board of the Ohio Federation arrived in the city in time to cause the withdrawal of the already celebrated York bill. Representative York, of Ottawa county, while a new member of the legislature, is by no means unknown to the working men of his section of the state. Mr. York is a Democrat, an attorney and represents a number of large corporations. His bill provided that unincorporated societies could be sued just as incorporated ones may now be proceeded against. The measure had one redeeming feature, and that the members of unions and other societies would heartily endorse. If passed the York bill would render impossible for any individual member of a society to be sued on account of any obligation the organization might owe. For instance, there might be but one member of a society who owned property and this individual would, under ordinary cir-

cumstances, be liable for any debts owned by the organization. The York bill provided that the society must be sued in the name of the society and not in the name of any person or persons. While this can be said to the credit of the author of the measure, there are several very unsatisfactory features from the worker's standpoint. In case of a strike, no matter how just the demands of the union might be, an employer may, under the bill, enter suit and tie up the funds and property of the union so it would be impossible to carry on the fight. This clause was opposed by unionists all over the state, and the York bill was the first given attention by the executive board. A visit was paid to the legislative hall last Thursday morning, where an interview was had with Mr. York. That gentleman had introduced the measure the day before, and made a strong plea in its defense when called upon by the board. Over an hour was spent with Mr. York, at the end of which time he agreed to withdraw it at the first opportunity. He kept his promise, and before the noon adjournment the fact that he had ever had such a bill before the body was but a memory. At first Mr. York said he would withdraw the bill, revise it to suit the board, but later declared he had abandoned the idea entirely and would let the matter drop.

The remainder of the forenoon was spent in interviewing the members of

## A BOY AFLOAT ON THE RAGING RIVER

Passed Down the Stream in a Shanty Boat Alone and Crying for Aid.

## FATHER'S ANXIOUS SEARCH

Scores of sightseers who were intensely interested in the wild play of the raging Ohio on Saturday afternoon at points all along the river front were thrown into a state of excitement when they observed a shanty boat floating down the mad stream on which they could faintly see the form of a boy frantically waving for aid. Occasionally the boy would utter heart-rending appeals for help, but his voice seemed as if nearly exhausted and his words were mostly incoherent.

Those who witnessed the imperiled boy were almost afraid to tell the story in the city during the evening fearing it would be scoffed at as was the hair-raising tale chronicled in a morning paper to the effect that a man had been seen floating down the river on a huge cake of ice. That they were not deceived, however, was proven a few hours later when William French, of Allegheny, appeared in the city and reported that his house boat had broken loose from its mooring at Allegheny and started down with the heavy and destructive ice. He said his boy was on the boat at the time and he was afraid had been made a victim of the cruel floods.

Mr. French was seen on Second street by Officer McDermott to whom he told his sad story. He said that early Friday evening he left the shanty boat for a glass house to get some money that was due him for labor and when he returned to the river bank discovered that the boat had been torn from the bank and had been carried away by the surging waters. He immediately started out to overtake the boat, but had not seen or heard a word of it until he reached this city.

Upon arriving in the city French was exhausted, having walked the entire distance and Saturday night he rested at the Lakel hotel. He resumed

## LOCAL OPTION IN THE WARDS

If New Bill Passes Effort Will Be Made to Establish It Here.

## TWO WARDS MAY GO DRY

Local saloon keepers have been apprehensive of the ward local option bill which will give the residents of any ward of any city in the state the right to demand the removal of saloons providing the majority of voters in such ward petition it. Many of the temperance people of the city are also much interested in the bill, for in one or two wards of the city it is said that an effort will be made before many months to enforce the provisions. The bill was introduced on last Thursday by Representative Charles Bannock, of Clermont county, in the house of representatives.

The bill provides that it shall be unlawful to sell intoxicating liquor as a beverage in any ward of any city or village when the majority of qualified electors sign a petition to prohibit the sale of liquor in that ward. The bill outlines what shall be a sufficient form of petition and also defines the term majority of the qualified electors in the ward to mean the majority of registered voters in wards having registration. The usual exception to druggists selling liquor is the same as provided in the Beal law. The other provisions similar to the Beal law are as follows: The definition of the term "intoxicating liquor," the time for re-submitting the question in two years, refunding of the Dow tax to liquor dealers forced out of business under the law and the form of affidavit or indictment to be used in prosecuting the case.

The Anti-Saloon League of the state is the most active agent in the preparation of and the presentation of the bill. Rev. P. A. Baker, national superintendent of the league, is quoted as saying that the bill is the other half of the Clark local option bill which passed the house four years ago and which was defeated in the senate by one vote.

## THE SALESMAN WAS ARRESTED

Is Accused of Selling Adulterated Maple Syrup to a Local Grocer.

## PLEA OF NOT GUILTY MADE

Clarence M. Shafer, employed by the state dairy and food commission, is responsible for the arrest of E. V. Carothers, one of the most popular traveling salesmen who visit East Liverpool, now representing the Dilworth Bros., of Pittsburg. Carothers was arrested by Constable Powell and taken before Squire J. N. Rose to answer to the serious charge of selling adulterated food to C. A. Ferguson, the grocer, Third street and Broadway.

Carothers arrives in the city every Monday morning and though the warrant for his arrest was filed early last week no attempt was made to apprehend him until this morning. Constable Powell took him in charge as he was trying to make another sale to Mr. Ferguson. Carothers evidenced genuine surprise, but went along with the constable without the least resistance. He pleaded not guilty before the justice and was released under bond of \$100 to appear later for a hearing. He claims that he had no knowledge whatever of violating the law, but his ignorance of the alleged fact will not lessen his responsibility.

The inspector was in the city several weeks ago and visited almost every store. He was only after those violating the law as it pertains to the sale of maple syrup and found but two instances wherein he could bring a case. He alleges that in the syrup sold to Ferguson by Carothers there is a certain quantity of cane sugar, which is a direct violation of the law. The other man against whom an affidavit has been filed in the court of Squire Rose reaches the city about every 60 days and will be arrested upon his first appearance.

Second Week of Revival—The M. E. revivals conducted by Dr. Pratt has been very successful. Over 20 conversions are reported. The meetings will continue this week.

## A LEGAL BATTLE IS PROBABLE

The Odd Fellows Want a Tenant of Their Building to Move Out.

## FLAT REFUSAL MET WITH

A case which is likely to end in a hard fought legal battle, and which will be of much interest locally, had its origin Saturday when the trustees of the local lodge of the I. O. O. F. made a formal demand on the Potters' Building & Savings company that it vacate the building now occupied by it at once. The demand was ignored. The Potters' Building & Savings company states that the building was leased by it for ten years by the Odd Fellows; that the lease will not run out for nearly three years; that the Odd Fellows adopted a rule of collecting rent quarterly and did collect it at regular intervals until the last time, when they allowed the time to run over and when offered the rent would not accept it, averring that the lease had been abused. The company also says that it offered the Odd Fellows the full rent up to the time the lease expires and it would not be accepted. The company will fight to the bitter end.

The Odd Fellows sold the present site occupied by the savings company to the Dollar Savings bank, and it is said are desirous of having the premises vacated so that the deal can be consummated, the Dollar Savings bank having agreed to pay the full amount for the building only when it is turned over to it.

## Found Doors Open.

The front doors of the Star Bargain store were found open yesterday afternoon by Officer Dawson, who made an investigation, thinking the store had been entered by burglars, but discovered no one in the store. Later communication with the proprietors revealed the fact that they had forgotten to lock the doors upon leaving a short time before.

Always in the lead—the News Review.

## PAPERS SERVED BY THE SHERIFF

Wm. Blakely, Accused of Pocket Picking, Is Placed in Jail.

## LIQUOR LAW VIOLATIONS

Lisbon, January 25.—(Special).—Sheriff A. J. Johnson returned last evening from East Liverpool, having spent Saturday in that city and Wellsville, serving papers on persons against whom the grand jury found indictments. The sheriff brought with him to the county jail William "Biddy" Blakely, of East Liverpool, who was indicted for picking the pocket of Felix Hulce.

Papers were served on other persons as follows: Stella Mears-Dougherty, East Liverpool, four indictments for Sunday selling and to a habitual drunkard; Jennie Hoffman, East Liverpool, liquor law violations; John Owens, East Liverpool, selling to a habitual; Jake Freistoffer, East Liverpool, violation of liquor law; Tal McCain, East Liverpool, liquor law violations; Edward Geisse, Wellsville, assault and battery, committed on Joseph McGee; Oliver E. Harris, Lisbon, indicted for selling to a habitual.

Sheriff Johnson served papers today in a number of additional cases in which indictments were found, as follows: Charles Parker, bartender for William H. Thompson, East Liverpool, selling to a habitual; Jack Ecker, saloon keeper, Market street, East Liverpool, selling and furnishing to a habitual; John Heacock, saloon keeper, Walnut street, East Liverpool, selling to a habitual.

Isaac Crable, saloon keeper, East Liverpool, and his bartender, Earl Hill, each indicted for selling to a habitual. Being unable to give bond Charles Parker was brought to jail this forenoon by Deputy T. O. Terrence, of East Liverpool.

A good investment—News Review "want" ads.

## ANSWER OF CHIEF JOHN W. WYMAN SUBMITTED TO THE SUPREME COURT

### Document Admits Many of the Allegations of the Plaintiff, But Claims the Law Was Obeyed in Every Particular.

Attorney Jason H. Brookes today filed answer with the supreme court at Columbus to the quo warranto proceedings entered by Solicitor George E. Davidson against Chief of Police John W. Wyman, for the purpose of ousting him from office.

The next step in this case will be the appointment of a commissioner to hear the testimony of each side. Who the commissioner will be no one knows. Attorneys Brookes and Davidson will get together some time during the present week for the purpose of deciding on an attorney to recommend to the supreme court for the appointment, and if they should fail to agree the court will use its own discretion. The commissioner will set the day for the hearing, which it is thought will be early in February. It will be held probably in the council chamber, city hall.

After the testimony is secured by the commissioner it will be submitted to the supreme court, which will likely pass upon it immediately, dispelling the custom of allowing cases appealed to it to go by for a year or two. The attorneys for the defendant are Brookes & Thompson, of this city, and Billingsley, Clark & De Ford, of Lisbon; for the plaintiff, Solicitor Davidson, of this city, and Attorney W. F. Lones, of Wellsville.

Following is the defendant's answer:

In the Supreme Court of the State of Ohio.

The State of Ohio, ex rel. John M. Sheets, the Attorney General, Plaintiff, vs. John W. Wyman, Defendant; Answer.

The defendant, John W. Wyman, for answer to the petition herein, admits that he holds and exercises the office of chief of police of the city of East Liverpool, Ohio, and avers that he was appointed to said office by the mayor of said city on the 3d day of December, 1903, from the classified list of the police department of said city, and that said appointment was made according to the laws of said state and the ordinances, rules and regulations of said city in force at the time said appointment was made.

The defendant admits that at the time of the taking effect of the act passed October 22, 1902, commonly known as "the Municipal Code," the defendant was not a patrolman or employed in any manner in the police department of said city; admits that prior to May 4, 1903, there had been no office of chief of police in said city and that said office was therefore vacant at the time said act took effect; admits that on the 20th day of July, 1903, the city council of said city, by ordinance duly passed, determined that the police department of said city should be composed of one chief of police, seven patrolmen and one night

policeman or janitor; admits that there is in said city a board of public safety consisting of four members, to-wit: James H. Grafton, William L. Taylor, Daniel M. Ogilvie and Job H. Dawson, who were appointed by William A. Weaver, the mayor of said city; admits that said Mayor William A. Weaver, on the 4th day of May, 1903, appointed the defendant as temporary chief of police, to fill, temporarily, the vacancy existing in that office; admits that on the 20th day of August, 1903, said board of public safety classified the offices and places of appointment and employment in the police department as provided by said ordinance, and adopted certain rules to carry out the purpose of the merit system as contained in the municipal code, and for examination, appointments, promotions and removals in accordance with its provisions; admits that one of said rules, as required by section 161 of the Municipal Code, provides:

"Any personal solicitation to any officer or member of said board or to the appointing power in favor of any candidate by any person whatsoever, unless fraudulently done in order to injure him, shall be taken to be and deemed to have been done at the instance of the candidate himself and shall disqualify him from competing at any examination for appointment for

For instance, there might be but one member of a society who owned property and this individual would, under ordinary circumstances, be liable for any debts owned by the organization. The York bill provided that the society must be sued in the name of the society and not in the name of any person or persons. While this can be said to the credit of the author of the measure, there are several very unsatisfactory features from the worker's standpoint. In case of a strike, no matter how just the demands of the union might be, an employer may, under the bill, enter suit and tie up the funds and property of the union so it would be impossible to carry on the fight. This clause was opposed by unionists all over the state, and the York bill was the first given attention by the executive board. A visit was paid to the legislative hall last Thursday morning, where an interview was had with Mr. York. That gentleman had introduced the measure the day before, and made a strong plea in its defense when called upon by the board. Over an hour was spent with Mr. York, at the end of which time he agreed to withdraw it at the first opportunity. He kept his promise, and before the noon adjournment the fact that he had ever had such a bill before the body was but a memory. At first Mr. York said he would withdraw the bill, revise it to suit the board, but later declared he had abandoned the idea entirely and would let the matter drop.

The remainder of the forenoon was spent in interviewing the members of the

## A LEGAL BATTLE IS PROBABLE

The Odd Fellows Want a Tenant of Their Building to Move Out.

## FLAT REFUSAL MET WITH LIQUOR LAW VIOLATIONS

A case which is likely to end in a hard fought legal battle, and which will be of much interest locally, had its origin Saturday when the trustees of the local lodge of the I. O. O. F. made a formal demand on the Potters' Building & Savings company that it vacate the building now occupied by it at once. The demand was ignored. The Potters' Building & Savings company states that the building was leased by it for ten years by the Odd Fellows; that the lease will not run out for nearly three years; that the Odd Fellows adopted a rule of collecting rent quarterly and did collect it at regular intervals until the last time, when they allowed the time to run over and when offered the rent would not accept it, averring that the lease had been abused. The company also says that it offered the Odd Fellows the full rent up to the time the lease expires and it would not be accepted. The company will fight to the bitter end.

The Odd Fellows sold the present site occupied by the savings company to the Dollar Savings bank, and it is said are desirous of having the premises vacated so that the deal can be consummated, the Dollar Savings bank having agreed to pay the full amount for the building only when it is turned over to it.

## Found Doors Open.

The front doors of the Star Bargain store were found open yesterday afternoon by Officer Dawson, who made an investigation, thinking the store had been entered by burglars, but discovered no one in the store. Later communication with the proprietors revealed the fact that they had forgotten to lock the doors upon leaving a short time before.

## PAPERS SERVED BY THE SHERIFF

Wm. Blakely, Accused of Pocket Picking, Is Placed in Jail.

Lisbon, January 25.—(Special.)—Sheriff A. J. Johnson returned last evening from East Liverpool, having spent Saturday in that city and Wellsville, serving papers on persons against whom the grand jury found indictments. The sheriff brought with him to the county jail William "Biddy" Blakely, of East Liverpool, who was indicted for picking the pocket of Felix Hulse.

Papers were served on other persons as follows: Stella Mears-Dougherty, East Liverpool, four indictments for Sunday selling and to a habitual drunkard; Jennie Hoffman, East Liverpool, liquor law violations; John Owens, East Liverpool, selling to a habitual; Jake Freistoffer, East Liverpool, violation of liquor law; Tal McCain, East Liverpool, liquor law violations; Edward Geisse, Wellsville, assault and battery, committed on Joseph McGee; Oliver E. Harris, Lisbon, indicted for selling to a habitual.

Sheriff Johnson served papers today in a number of additional cases in which indictments were found, as follows: Charles Parker, bartender for William H. Thompson, East Liverpool, selling to a habitual; Jack Ecker, saloon keeper, Market street, East Liverpool, selling and furnishing to a habitual; John Heacock, saloon keeper, Walnut street, East Liverpool, selling to a habitual; Isaac Crable, saloon keeper, East Liverpool, and his bartender, Earl Hill, each indicted for selling to a habitual.

Being unable to give bond Charles Parker was brought to jail this forenoon by Deputy T. O. Terrence, of East Liverpool.

A good investment—News Review "want" ads.

## A BOY AFLOAT ON THE RAGING RIVER

Passed Down the Stream in a Shanty Boat Alone and Crying for Aid.

## FATHER'S ANXIOUS SEARCH

Scores of sightseers who were intensely interested in the wild play of the raging Ohio on Saturday afternoon at points all along the river front were thrown into a state of excitement when they observed a shanty boat floating down the mad stream on which they could faintly see the form of a boy frantically waving for aid. Occasionally the boy would utter heart-rending appeals for help, but his voice seemed as if nearly exhausted and his words were mostly incoherent.

Those who witnessed the imperiled boy were almost afraid to tell the story in the city during the evening fearing it would be scoffed at as was the hair-raising tale chronicled in a morning paper to the effect that a man had been seen floating down the river on a huge cake of ice. That they were not deceived, however, was proven a few hours later when William French, of Allegheny, appeared in the city and reported that his house boat had broken loose from its mooring at Allegheny and started down with the heavy and destructive ice. He said his boy was on the boat at the time and he was afraid had been made a victim of the cruel floods.

Mr. French was seen on Second street by Officer McDermott to whom he told his sad story. He said that early Friday evening he left the shanty boat for a glass house to get some money that was due him for labor and when he returned to the river bank discovered that the boat had been torn from the bank and had been carried away by the surging waters. He immediately started out to overtake the boat, but had not seen or heard a word of it until he reached this city.

Upon arriving in the city French was exhausted, having walked the entire distance and Saturday night he rested at the Lakel hotel. He resumed

## LOCAL OPTION IN THE WARDS

If New Bill Passes Effort Will Be Made to Establish It Here.

## TWO WARDS MAY GO DRY

Local saloon keepers have been apprehensive of the ward local option bill which will give the residents of any ward of any city in the state the right to demand the removal of saloons providing the majority of voters in such ward petition it. Many of the temperance people of the city are also much interested in the bill, for in one or two wards of the city it is said that an effort will be made before many months to enforce the provisions. The bill was introduced on last Thursday by Representative Charles Bannock, of Clermont county, in the house of representatives.

The bill provides that it shall be unlawful to sell intoxicating liquor as a beverage in any ward of any city or village when the majority of qualified electors sign a petition to prohibit the sale of liquor in that ward. The bill outlines what shall be a sufficient form of petition and also defines the term majority of the qualified electors in the ward to mean the majority of registered voters in wards having registration. The usual exception to druggists selling liquor is the same as provided in the Beal law. The other provisions similar to the Beal law are as follows: The definition of the term "intoxicating liquor," the time for resubmitting the question in two years, refunding of the Dow tax to liquor dealers forced out of business under the law and the form of affidavit or indictment to be used in prosecuting the case.

The Anti-Saloon League of the state is the most active agent in the preparation of and the presentation of a bill. Rev. P. A. Baker, national superintendent of the league, is quoted as saying that the bill is the other half of the Clark local option bill which passed the house four years ago and which was defeated in the senate by one vote.

## Among the Potteries and Allied Industries

### A MODEL PLANT.

There may be better constructed and arranged pottery plants in America, but it would be hard to convince any resident of East Palestine that they existed. The enterprising people of that little city seeing what had resulted from the establishment of the other two potteries there and impressed with the efforts of W. S. George, formerly of East Liverpool, and J. F. Stafford not only to produce quantity, but a high grade quality of dinner and toilet ware not surpassed anywhere donated a tract of land about 200 yards west of the East Palestine Pottery company's plant, comprising between five and six acres, also \$10,000 in cash. Messrs. George and Stafford will have spent nearly \$90,000 by the time the Continental pottery is in operation, which will be probably during February. The new building is 475 feet long by 138 feet wide. Ground was broken on the 20th of August, last. There are three biscuit, four glass and six decorating kilns, arranged with a special regard for convenience and effectiveness. There is an engine of 125 horse power and two boilers each of 100 horse power. The machinery was chiefly furnished by Patterson, of East Liverpool, and C. W. Raymond & Co., of Dayton. F. A. Schmidt has charge of the construction, which insured a satisfactory piece of work. Mr. Schmidt superintended recently the building of a pottery at Salineville and proved so capable a man when assisting in the construction of the Canonsburg pottery that Messrs. George and Stafford had entire confidence in his ability and faithfulness. The fact that the two potteries controlled by these enterprising gentlemen have for two years over sold their productions justifies them in a belief that the new plant will never be shut down for want of orders. A representative of this paper learns while traveling among the buyers that the 1904 shapes brought out by the owners of the Continental in their other plants are meeting with almost instant approval. The body is nearly perfect in appearance and the ring is clear and true. The same lines of goods will be turned out in each of the three potteries.—Glass and Pottery World.

### NEW INDUSTRY.

A movement is said to be on foot among a number of influential people of East Liverpool to organize a company for the purpose of establishing a large glass works. The people behind the project are men of means. One of the gentlemen connected with the proposed organization of the company said he considered the chance of the new plant being built as exceedingly bright. He refused to divulge the names of the promoters, but said they would be made public in the near future.—China, Glass and Lamps.

### ELECTED OFFICERS.

At the annual meeting of the directors of the Patterson Foundry & Machine company, of this city, manufacturers of pottery machinery, B. C. Simms was elected president, H. N. Harker vice president; J. H. Brookes secretary, Monroe Patterson treasurer and R. L. Cawood manager.

### CONTRACT LET.

The Bell Pottery company, of Columbus, of which A. S. Hughes is manager, have let the contract in East Liverpool for the erection of their kilns and will rush their plant through to completion.

### THE WEATHER

Ohio—Fair and continued cold Monday; Tuesday snow; fresh west winds. Western Pennsylvania—Partly cloudy Monday, with colder in south portion; Tuesday fair; fresh north-west winds.

West Virginia—Snow and colder Monday; Tuesday fair.

### PROPOSED REDUCTION.

The Ford China company, of Ford City, Pa., want to resume and, according to reports from that place, they have made a proposition to a number of the employees that if a reduction in wages be accepted the pottery will be started. The employees held a meeting, but came to no conclusion. The plant has been closed since before the holidays.

### WILL START SOON.

The new factory of the Everett Pottery company, of Everett, Wash., has been almost completed and will be ready to start up within a short time. The pottery was erected for the manufacture of stoneware and the parties who erected the same are French, Jules Gobeaux being manager of the concern. Several East Liverpool men have decided to take situations there.

### POTTERY NOTES.

At the Sherwood pottery, New Brighton, Pa., new installations are being made that will enable the plant to cope with its fast increasing business successfully.

The Sebring Pottery company, of Sebring, have erected quite an addition to their works in that city which will be used as additional clay shop room and which will be ready for occupancy shortly.

The French China company, of Sebring, are erecting a 100-tub extension to their works which will greatly increase the capacity of their works. The company have had a good year's business, the best in their history.

The smoker and entertainment given by kilndrawers' union No. 17 to celebrate the anniversary of its reorganization, was a complete success in every way. The affair was held at Brotherhood hall Saturday night and was well attended.

**What You Need for Constipation.**  
When troubled with constipation, what you need is a remedy that is sure to produce the desired effect. A remedy that is mild and gentle in its action. A remedy that leaves the bowels in a natural and healthy condition. A remedy that is easy and pleasant to take. Chamberlain's Stomach and Liver Tablets meet all of these requirements. Give them a trial and you will never wish to take another dose of pills. Use them as directed and they will cure chronic constipation. Price 25 cents. Every box is warranted or sale by Alvin H. Bulger.

## THE MORALITY OF THIS CITY

Not All It Should Be, But Quite as Good as the Average.

### STANDARD OF THE CITIZEN

Fixes the Standard of Conduct—The Right Way to Combat the Evils of the Saloons and of Degrading Plays.

Rev. Edwin Weary, at St. Stephen's church last evening, preached on "God and the City." Referring to the immorality said to exist in the Staffordshire pottery district, he read two letters—one from Rev. Dr. Hinkle, of Steubenville, and another from Rev. E. E. Waters, vicar of Holy Trinity (Hope) Hanley, both of whom are well acquainted with existing conditions in their respective parishes.

Rev. Mr. Waters took issue with the vicar of Fenton and held that the standard of morality in the Staffordshire potteries is as high as that in any other manufacturing district. He upheld the purity of the women and paid a tribute to the honor and stability of the men. Continuing, Rev. Mr. Weary said:

"Brethren, I leave the contents of this letter with you. You are acquainted with the conditions in Staffordshire; I am not. Let us turn to our own city. Exaltation cannot come from below. It must come from above. It must come from the power behind the eternal throne. God works through human agencies in bringing about His blessings. He becomes manifest through His children whom he implores to aid Him in the exaltation and elevation of the world. The standard of the city is in correspondence with the standard of the citizens. Thus it relies upon each individual to play his or her part in the fulfilling of God's eternal law. The city will never be exalted except through the individual influence of the church members. We all know that this city is not as good morally as it might be, but in this it is not worse than other cities.

"We hear people say that the saloon ought to be abolished while others maintain that it is needed because it is the poor man's club. The saloon is not elevating but it is legitimate and is recognized by the state. The saloonkeeper is in the business for the money he can make out of it and he knows as well as you and I that it is not elevating, but degrading. It rests with us then to wipe out the saloon. As a help the state might be required to impose such a high license on the saloonkeeper that only honest men would be able to maintain the business and conduct it honestly and legitimately. We cannot elevate the saloon, that is certain, but we can restrict its license and wipe out a great part of its evil. If, as some say, the saloon is the poor man's club, it is our duty to give him something better.

"Some people demand that the opera houses be closed because they are not fit places to visit. Brethren, I know many Godly, Christian men and women who make their honest living on the stage in plays that can harm no one. Shall the houses of amusement therefore be wiped out entirely because there are some plays that are degrading? It is in your hands. Refuse to patronize the degrading in the drama and it will die out. Patronize only those plays which elevate and teach a lesson and you will be doing something far greater than eradicating the honest performance of high dramatic art. Wipe out the evil and replace it with the good."

The rector spoke of the many excellent men and women who work in the pottery plants, and said he had never met with anything but courtesy among them. The worst form of evil in the potteries, in his opinion, was profane language from the lips of boys. Every Christian should do all he could to check it.

### What's in a Name?

Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt & Co., of Chicago, discovered some years ago how to make salve from Witch Hazel that is a specific for piles. For blind, bleeding and itching and protruding piles, eczema, cuts, burns, bruises and all skin diseases DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask for DeWitt's—the genuine. Sold by Alvin H. Bulger (only.)

You will never tire of Mrs. Austin's Pancakes, a fresh supply now on hand at your grocer's.

## HARD'S

### LAWS TO PROTECT LABOR EXPECTED THIS SESSION

Continued from First Page.

the legislature as to their attitude in regard to a number of measures for the benefit of labor in the state. A conference was arranged between the board and the labor committee of both house and senate. It was decided to meet in one of the committee rooms of the state house in the evening, and when the men assembled there was a good representation from both houses.

During the afternoon of Thursday the executive board held a meeting at their hotel, and the several measures which it was proposed to present to the legislature were shaped up. The list is not long, but the benefits to the wage earner will be very great in case the effort to have them enacted into laws is successful.

The meeting with the labor committee lasted for several hours, and when it had ended the members were thoroughly acquainted with the several matters they will be asked to pass upon. First in the list was mentioned a convict labor law. A measure of this character has been prepared by Senator Pollock, of Stark county, and it was carefully inspected by the board before the conference. The provisions were in every way satisfactory to the representatives of labor, and was endorsed by them just as it had been framed. The bill will be introduced by Senator Pollock within a few days.

The Stark county man also has a measure making it mandatory on the part of physicians to report every birth coming under the notice to the health department, to be made a matter of record by it. The intent of the new law is to go through the same procedure with reference to births as is now in effect covering a record of deaths. So much trouble has been encountered by the department of inspection of workshops and factories and the laboring people generally that the law has been made absolutely necessary. Owners of factories persist in employing children under the age the law specifies, and during a period they should be attending school. This, with the false statements of both children and parents, has rendered it well nigh impossible for the inspectors to regulate the evil. With a record of the births, those interested may be enabled to ascertain very quickly whether or not a boy or girl is being compelled to work who is under the legal age. While the proposed bill was being framed it occurred to the author as well as many of the legislators that the wise course would be to make the subject a feature of the new health code now in course of construction. It will be taken up in connection with other matters of interest to the health departments, and will be looked after by Senator Pollock and others.

At the request of the board Representative E. W. Hill, of this county, will probably introduce a bill covering a subject of vital importance to every working man employed at the building trade. The laws relating to the proper protection of men engaged upon buildings in course of construction are very lax as they now stand. The new bill will include the very important feature of protection to the people who are compelled to pass to and fro near a partially completed structure; adequate and safe scaffolding; substantial temporary floors and elevator service, as well as many other

important matters for the protection of life and limb. The text of the bill will be in shape to frame within a short time, and it is thought will be one of the most complete ever drawn.

While the eight hour law as applied to all state, county and municipal employes has been a dead letter in Ohio for several years, owing to the supreme court having declared it unconstitutional, it is now hoped that a measure can be put through which will hold water. The state of Kansas has adopted and enforced an eight hour law. The courts of that state have declared it constitutional in every particular, and a copy of the Kansas law will be secured for consideration at the hands of the Ohio lawmakers.

The Ohio Federation went on record as being in favor of a small school board elected at large; a minimum salary for teachers of \$40 per month; free school books and a higher levy for the public schools. A school code will be adopted at the present session of the legislature, and the members of that body who are favorable to the workers have promised to look after these matters when the code is up for consideration.

The members of the committees were informed that it would be a great advantage to the workers of the state if more power was delegated to factory inspectors. If these men were given authority to make arrests in case of violations of the laws many offenders who are now allowed to go unpunished would be brought to time. An inspector is supposed to be thoroughly posted on the law, and when he sees a violation he certainly knows it. As the law now stands he must take his evidence before a magistrate and have a warrant issued. By the time all of the formalities have been complied with the offender may have remedied the defect, discharged the child or taken some steps to defeat the ends of justice. Representative R. L. Woodburn, of Union county, has introduced a bill revising the factory and workshops law and an effort will be made to have the matters outlined above embodied in his measure.

Representative Charles Farner, of Toledo, has volunteered to look after the interests of the board during the winter, and with what aid has been pledged by Hon. E. W. Hill, Hon. D. W. Crist, both of Columbiana, all of the Cuyahoga delegation, with a large number of other representatives and senators, it is confidently expected the legislature will care for the proposed labor laws in a manner which will be both gratifying and beneficial. The Ohio Federation, while it represents the organized workmen of the state, has the welfare of all classes of wage earners at heart. What is accomplished by it toward better legislation for the working man benefits the unorganized as well as the unionist, so either directly or indirectly the organization has the backing and support of nearly 75 per cent of the population of Ohio.

### THE OHIO OLEO LAW MAY BE FOUND INVALID

Case Pending in the Supreme Court to Decide the Validity of the Act.

Columbus dispatches state that the Capital City Dairy company, which has the largest manufactory of oleomargarine a few days ago, will go out of business unless the decision of the supreme court holds the "leo" law unconstitutional. A decision is expected in February.

The case in the supreme court is to decide the constitutionality of the law passed by the legislature a few years ago at the request of butter producers, prohibiting the coloring of oleomargarine. Prior to the passage of this law the company in question was making about 15,000,000 pounds of the oleo every year, which has now dwindled down to 3,500,000 pounds annually.

In this city there is not a one-twentieth part of the oleo used that there was three years ago. At that time there were several dealers selling it at a profit after paying the license fee of \$50 a year for the privilege. Now it is said there is no profit in the business.

### YOUNG IMMIGRANT

A Girl Sent from England to Sebring Intercepted in New York.

Some time ago Mrs. John Carter, of Sebring, sent to England a pass for her younger sister to use in coming to Sebring, sending for that purpose a through ticket from England to Sebring. The girl who is only 12 years old was put on the boat by her older brother, who by the law of England is her guardian, with the ticket and pass to Sebring with instructions to come direct to Sebring.

Thinking it best to have some friend to meet the young girl at New York harbor and place her on the right train, he wrote some time before to his sister who was then living in Trenton, a Mrs. Hawkins, to meet the young girl. Mrs. Hawkins readily assented to do so and according to her agreement she met the young girl at the boat and took charge of her and moved from Trenton, N. J., to Buffalo, N. Y., and the girl with her and she now refuses to give up the girl and claims she will keep her. The brother is determined that she shall not and has employed attorneys to prosecute his sister.

Proceedings are expected to be commenced that will be somewhat sensational.

### TO CURE A COLD IN ONE DAY.

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure E. W. Grove's signature is on each box. 25c.

### Water on Battlefields.

As nearly as possible 8,000 gallons of fresh water are used in a large battle-ship daily. About two-thirds of this is taken up by the boilers, and the remainder is used for drinking, washing, cooking, etc. When the store which she has taken out with her from port has been used up a vessel has to depend upon her evaporators for further supplies. Every modern warship is fitted with evaporating machinery to distill the salt sea water.

pletion as soon as possible. They hope to be able to start the plant up by spring. The works have already been erected and all that remains to be done is to erect the kilns and install the machinery.

### PROPOSED REDUCTION.

The Ford China company, of Ford City, Pa., want to resume and, according to reports from that place, they have made a proposition to a number of the employees that if a reduction in wages be accepted the pottery will be started. The employees held a meeting, but came to no conclusion. The plant has been closed since before the holidays.

### WILL START SOON.

The new factory of the Everett Pottery company, of Everett, Wash., has been almost completed and will be ready to start up within a short time. The pottery was erected for the manufacture of stoneware and the parties who erected the same are French, Jules Gobeaux being manager of the concern. Several East Liverpool men have decided to take situations there.

### POTTERY NOTES.

At the Sherwood pottery, New Brighton, Pa., new installations are being made that will enable the plant to cope with its fast increasing business successfully.

The Sebring Pottery company, of Sebring, have erected quite an addition to their works in that city which will be used as additional clay shop room and which will be ready for occupancy shortly.

The French China company, of Sebring, are erecting a 100-tub extension to their works which will greatly increase the capacity of their works. The company have had a good year's business, the best in their history.

The smoker and entertainment given by kilndrawers' union No. 17 to celebrate the anniversary of its reorganization, was a complete success in every way. The affair was held at Brotherhood hall Saturday night and was well attended.

### What You Need for Constipation.

When troubled with constipation, you need a remedy that is sure to produce the desired effect. A remedy that is mild and gentle in its action. A remedy that leaves the bowels in a natural and healthy condition. A remedy that is easy and pleasant to take. Chamberlain's Stomach and Liver Tablets meet all of these requirements. Give them a trial and you will never wish to take another dose of pills. Use them as directed and they will cure chronic constipation. Price 25 cents. Every box is warranted by Alvin H. Bulger.

Coffee, per lb. 10c, 12½c, 15c. Fancy hams, per lb. 14c. breakfast bacon, 15c; dry salt meat, 2 lbs for 25c.

## THE MORALITY OF THIS CITY

Not All It Should Be, But Quite as Good as the Average.

### STANDARD OF THE CITIZEN

Fixes the Standard of Conduct—The Right Way to Combat the Evils of the Saloons and of Degrading Plays.

Rev. Edwin Weary, at St. Stephen's church last evening, preached on "God and the City." Referring to the immorality said to exist in the Staffordshire pottery district, he read two letters—one from Rev. Dr. Hinkle, of Steubenville, and another from Rev. E. E. Waters, vicar of Holy Trinity (Hope) Hanley, both of whom are well acquainted with existing conditions in their respective parishes.

Rev. Mr. Waters took issue with the vicar of Fenton and held that the standard of morality in the Staffordshire potteries is as high as that in any other manufacturing district. He upheld the purity of the women and paid a tribute to the honor and stability of the men. Continuing, Rev. Mr. Weary said:

"Brethren, I leave the contents of this letter with you. You are acquainted with the conditions in Staffordshire; I am not. Let us turn to our own city. Exaltation cannot come from below. It must come from above. It must come from the power behind the eternal throne. God works through human agencies in bringing about His blessings. He becomes manifest through His children whom he implores to aid Him in the exaltation and elevation of the world. The standard of the city is in correspondence with the standard of the citizens. Thus it relies upon each individual to play his or her part in the fulfilling of God's eternal law. The city will never be exalted except through the individual influence of the church members. We all know that this city is not as good morally as it might be, but in this it is not worse than other cities.

"We hear people say that the saloon ought to be abolished while others maintain that it is needed because it is the poor man's club. The saloon is not elevating but it is legitimate and is recognized by the state. The saloonkeeper is in the business for the money he can make out of it and he knows as well as you and I that it is not elevating, but degrading. It rests with us then to wipe out the saloon. As a help the state might be required to impose such a high license on the saloonkeeper that only honest men would be able to maintain the business and conduct it honestly and legitimately. We cannot elevate the saloon, that is certain, but we can restrict its license and wipe out a great part of its evil. If, as some say, the saloon is the poor man's club, it is our duty to give him something better.

"Some people demand that the opera houses be closed because they are not fit places to visit. Brethren, I know many Godly, Christian men and women who make their honest living on the stage in plays that can harm no one. Shall the houses of amusement therefore be wiped out entirely because there are some plays that are degrading? It is in your hands. Refuse to patronize the degrading in the drama and it will die out. Patronize only those plays which elevate and teach a lesson and you will be doing something far greater than eradicating the honest performance of high dramatic art. Wipe out the evil and replace it with the good."

The rector spoke of the many excellent men and women who work in the pottery plants, and said he had never met with anything but courtesy among them. The worst form of evil in the potteries, in his opinion, was profane language from the lips of boys. Every Christian should do all he could to check it.

### What's in a Name?

Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt & Co., of Chicago, discovered some years ago how to make salve from Witch Hazel that is a specific for piles. For blind, bleeding and itching and protruding piles, eczema, cuts, burns, bruises and all skin diseases DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask for DeWitt's—the genuine. Sold by Alvin H. Bulger (only.)

You will never tire of Mrs. Austin's Pancakes, a fresh supply now on hand at your grocer's.

## LAWS TO PROTECT LABOR EXPECTED THIS SESSION

Continued from First Page.

the legislature as to their attitude in regard to a number of measures for the benefit of labor in the state. A conference was arranged between the board and the labor committee of both house and senate. It was decided to meet in one of the committee rooms of the state house in the evening, and when the men assembled there was a good representation from both houses.

During the afternoon of Thursday the executive board held a meeting at their hotel, and the several measures which it was proposed to present to the legislature were shaped up. The list is not long, but the benefits to the wage earner will be very great in case the effort to have them enacted into laws is successful.

The meeting with the labor committees lasted for several hours, and when it had ended the members were thoroughly acquainted with the several matters they will be asked to pass upon. First in the list was mentioned a convict labor law. A measure of this character has been prepared by Senator Pollock, of Stark county, and it was carefully inspected by the board before the conference. The provisions were in every way satisfactory to the representatives of labor, and was endorsed by them just as it had been framed. The bill will be introduced by Senator Pollock within a few days.

The Stark county man also has a measure making it mandatory on the part of physicians to report every birth coming under the notice to the health department, to be made a matter of record by it. The intent of the new law is to go through the same procedure with reference to births as is now in effect covering a record of deaths. So much trouble has been encountered by the department of inspection of workshops and factories and the laboring people generally that the law has been made absolutely necessary. Owners of factories persist in employing children under the age the law specifies, and during a period they should be attending school. This, with the false statements of both children and parents, has rendered it well nigh impossible for the inspectors to regulate the evil. With a record of the births, those interested may be enabled to ascertain very quickly whether or not a boy or girl is being compelled to work who is under the legal age. While the proposed bill was being framed it occurred to the author as well as many of the legislators that the wise course would be to make the subject a feature of the new health code now in course of construction. It will be taken up in connection with other matters of interest to the health departments, and will be looked after by Senator Pollock and others.

At the request of the board Representative E. W. Hill, of this county, will probably introduce a bill covering a subject of vital importance to every working man employed at the building trade. The laws relating to the proper protection of men engaged upon buildings in course of construction are very lax as they now stand. The new bill will include the very important feature of protection to the people who are compelled to pass to and from a partially completed structure; adequate and safe scaffolding; substantial temporary floors and elevator service, as well as many other

important matters for the protection of life and limb. The text of the bill will be in shape to frame within a short time, and it is thought will be one of the most complete ever drawn.

While the eight hour law as applied to all state, county and municipal employes has been a dead letter in Ohio for several years, owing to the supreme court having declared it unconstitutional, it is now hoped that a measure can be put through which will hold water. The state of Kansas has adopted and enforced an eight hour law. The courts of that state have declared it constitutional in every particular, and a copy of the Kansas law will be secured for consideration at the hands of the Ohio lawmakers.

The Ohio Federation went on record as being in favor of a small school board elected at large; a minimum salary for teachers of \$40 per month; free school books and a higher levy for the public schools. A school code will be adopted at the present session of the legislature, and the members of that body who are favorable to the workers have promised to look after these matters when the code is up for consideration.

The members of the committees were informed that it would be a great advantage to the workers of the state if more power was delegated to factory inspectors. If these men were given authority to make arrests in case of violations of the laws many offenders who are now allowed to go unpunished would be brought to time. An inspector is supposed to be thoroughly posted on the law, and when he sees a violation he certainly knows it. As the law now stands he must take his evidence before a magistrate and have a warrant issued. By the time all of the formalities have been complied with the offender may have remedied the defect, discharged the child or taken some steps to defeat the ends of justice. Representative R. L. Woodburn, of Union county, has introduced a bill revising the factory and workshop laws and an effort will be made to have the matters outlined above embodied in his measure.

Representative Charles Farner, of Toledo, has volunteered to look after the interests of the board during the winter, and with what aid has been pledged by Hon. E. W. Hill, Hon. D. W. Crist, both of Columbiana, all of the Cuyahoga delegation, with a large number of other representatives and senators, it is confidently expected the legislature will care for the proposed labor laws in a manner which will be both gratifying and beneficial. The Ohio Federation, while it represents the organized workmen of the state, has the welfare of all classes of wage earners at heart. What is accomplished by it toward better legislation for the working man benefits the unorganized as well as the unionist, so either directly or indirectly the organization has the backing and support of nearly 75 per cent of the population of Ohio.

### A GUARANTEED CURE FOR PILES.

## THE OHIO OLEO LAW MAY BE FOUND INVALID

Case Pending in the Supreme Court to Decide the Validity of the Act.

Columbus dispatches state that the Capital City Dairy company, which has the largest manufactory of oleomargarine a few days ago, will go out of business unless the decision of the supreme court holds the "leo" law unconstitutional. A decision is expected in February.

The case in the supreme court is to decide the constitutionality of the law passed by the legislature a few years ago at the request of butter producers, prohibiting the coloring of oleomargarine. Prior to the passage of this law the company in question was making about 15,000,000 pounds of the oleo every year, which has now dwindled down to 3,500,000 pounds annually.

In this city there is not a one-twentieth part of the oleo used that there was three years ago. At that time there were several dealers selling it at a profit after paying the license fee of \$50 a year for the privilege. Now it is said there is no profit in the business.

## YOUNG IMMIGRANT

A Girl Sent from England to Sebring Intercepted in New York.

Some time ago Mrs. John Carter, of Sebring, sent to England a pass for her younger sister to use in coming to Sebring, sending for that purpose a through ticket from England to Sebring. The girl who is only 12 years old was put on the boat by her older brother, who by the law of England is her guardian, with the ticket and pass to Sebring with instructions to come direct to Sebring.

Thinking it best to have some friend to meet the young girl at New York harbor and place her on the right train, he wrote some time before to his sister who was then living in Trenton, a Mrs. Hawkins, to meet the young girl. Mrs. Hawkins readily assented to do so and according to her agreement she met the young girl at the boat and took charge of her and moved from Trenton, N. J., to Buffalo, N. Y., and the girl with her and she now refuses to give up the girl and claims she will keep her. The brother is determined that she shall not and has employed attorneys to prosecute his sister.

Proceedings are expected to be commenced that will be somewhat sensational.

### TO CURE A COLD IN ONE DAY

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure E. W. Grove's signature is on each box. 25c.

### Water on Battleships.

As nearly as possible 8,000 gallons of fresh water are used in a large battleship daily. About two-thirds of this is taken up by the boilers, and the remainder is used for drinking, washing, cooking, etc. When the store which she has taken out with her from port has been used up a vessel has to depend upon her evaporators for further supplies. Every modern warship is fitted with evaporating machinery to distill the salt sea water.

## HIDDEN POISON IN OUR FOOD

Americans Pay \$30,000 a Day for Noxious Adulterations.

## FRAUDS ARE MONSTROUS

The Necessity For Stringent Legislation is Urgent—Every Honest Man Will Approve the Stand Taken By the House.

The popular branch of congress has emphatically declared for new and stringent legislation to prevent frauds and adulteration in foods and drugs used in interstate trade or in foreign commerce. It has decided, by a great majority, to give the department of agriculture much enlarged powers for the detection and prevention of dishonest and dangerous trickery in the manufacture and sale of food and medicines.

Every honest American must approve this work of the house of representatives. The senate should be brought under such pressure of public sentiment that it could not fail to complete the enactment of the bill passed by the house. As for the president's signature, who can imagine Theodore Roosevelt refusing to approve an act of congress designed to protect the buyers of food and drugs from swindling, often dangerous to health and some times life?

Food frauds are the meanest possible, except one other kind. That is the adulteration of medicines. The bill which is half way through congress is aimed at both. It cannot damage or trouble honest manufacturers, or merchants who insist on selling only honest goods. It may fail to stop all frauds, but it certainly cannot work harm. Its effect must be good, and the department of agriculture may be trusted to use its full power, under the proposed law, to bring to grief those guilty of cheating buyers of food and medicines.

The more zealously society wars against such frauds the better for the public health, as well as the morals of business. It is monstrous that cheating in food should have been permitted to gain such vogue and headway in this country as it has attained. Official tests, made in various states and by the national government, have led to the conclusion that about 2 per cent of the food consumed in the United States is adulterated and contains other materials than those which the buyer thinks he is paying for. The proportion is small, but the quantity of fraudulent food is enormous.

The best authorities estimate the price paid for dishonest made or sold food at \$100,000,000 a year. It is believed that 90 per cent of this great sum is spent for food which is fraudulent but not harmful. That leaves

\$10,000,000 paid every year for dishonestly concocted food preparations which are either poisonous or distinctly hurtful to those who unwittingly use them.

It is a monstrous thing that nearly \$30,000 a day should be spent for hidden poisons and noxious substitutes for good food. Red lead is used in making bogus cayenne pepper. Out of 41 samples of that condiment examined by the Massachusetts board of health, no less than 40 were fraudulent. Candy is often colored with deadly lead chromate. Of 92 samples tested in Massachusetts 18 were poisoned in that manner. Marble dust is some times found in confectioners' sugar.

Compared with such frauds, the more commonly known and glaring food humbugs, such as the sale of young American herring as French sardines, and the marketing of great quantities of oleomargarine as butter, are of little importance. They do not trifle with life and health. Yet the national conscience suffers by the prevalence of rands in trade, and every buyer of food is entitled to get what he pays for and to be protected against swindlers, both great and small. Honesty is the best policy for the American people, in food as in everything else. Cheating of every kind ought to be hunted down with the utmost vigor.

In all these frauds perpetrated upon buyers of food the poor suffer most. Those who are forced to economize in buying food are the especial victims of swindlers. Low prices are apt to mean tricks in the preparation of many articles. The rich are comparatively free from the dishonest and often dangerous work of dealers in fraudulent food.

That is the best of reasons for the passage of laws like the pure food bill which has gone through the house of representatives, and for the rigid enforcement of every such statute.

## GREAT MUSICAL EVENT

Walter Damrosch With the Pittsburgh Orchestra at This Week's Concerts.

An innovation in the history of the Pittsburgh orchestra will take place this week. Because of the acceptance by Victor Herbert of the invitation of the New York Philharmonic Society to conduct the rehearsals and concerts of that society in New York city this week, Mr. Herbert, with the approval of the orchestra committee, has invited Walter Damrosch, of New York, to conduct the concerts here of the Pittsburgh orchestra of the present week, in Carnegie Music Hall, Schenley park, on Friday evening, January 29, and Saturday afternoon, January 30. Mr. Damrosch has accepted. The soloist at these concerts is Pablo Casals, the young violoncellist, of whom so much has been heard. He is a Spaniard and 26 years old. His reputation as a virtuoso is the equal of that of any violoncellist now before the public.

The ticket office of the orchestra is at Hamilton's, 335 Fifth avenue, telephone Grant 1259, and there are good seats for both evening and afternoon. It should be remembered that all seats for the afternoon concerts are 50 cents this season.

## How Many Cans Did You Say?

We should send you of the best brands of condensed milk, corn, beans and peas? We can and will send you a dozen or a gross of each—or all assorted—if you so order. Which is to say this is headquarters for canned grocery goods—all else in groceries, too.

Heddeleston Bros.,  
"The Home of Quality."  
4th and Market.

## EAST END

### BABB'S ISLAND

#### IS ICE COVERED

The Scene One of Desolation—Peril of a Family Living There.

Babb's island presents a desolate appearance, being covered almost completely by some of the heaviest ice that has come down the river.

The family of John Cullom, which lives on the island, put in a period of much anxiety and were very thankful when the waters receded, as the awful jam of ice, which had gathered about the structure, was expected at any moment to crush the building to splinters.

### MISS LIZZIE FINNEY

Died at Her Home in the East End. A Greatly Afflicted Family.

The Finney family of Oakland have the heartfelt sympathy of all the neighbors and friends of the family in the East End in their sad bereavement, the loss of their little daughter, Lizzie, who died last night. Another daughter, Miss Carrie, who met with an awful accident recently, while coasting, lies in a very precarious condition, augmented by the sad news of the death of her sister, and it is feared that the terrible strain on her may delay her recovery for a long period.

#### Mails Badly Delayed.

Postmaster Baird reports that the mails from all directions that have been delayed in many cases are now coming in, close to the time of their proper arrival. The express traffic has not been as heavy this month as previously, and while it has been delayed, from now on better service is assured.

#### The Italian Has Moved.

The obstreperous Italian fruit merchant of Mulberry street, who has had so much litigation with his partner lately, moved from his place of business this morning. Moving vans pulled up in front of the store this morning and inquiry as to where he was going elicited no information.

#### Hercules Club Entertained.

The 25 members of the Hercules Athletic club of the East End were the guests of Charles Jameson Saturday night and were royally entertained. Refreshments were served at a late hour and the party broke up, all well pleased with their reception.

#### Social Postponed.

The social of Pan-American court, tribe of Ben Hur, which was to have been held Wednesday night, has been postponed until a week from that night on account of the death of Miss Lizzie Finney, a respected member of the order.

#### The Dog Came Back.

A valuable dog belonging to J. B. Donahue, of Railroad street, that mysteriously disappeared about seven weeks ago, and was supposed to have been stolen, turned up this morning and Mr. Donahue is well pleased.

#### EAST END AFFAIRS.

A daughter was born to Mr. and Mrs. George Smith, of Helena, last night. Walter Supplee was confined to his bed all day Sunday, but was improved enough to sit up this morning. The Excelsior club are making extensive preparations for their dance at Larkins' hall on Thursday night. David Dowling, who has been confined to his home the past four months, was able to visit a number of friends yesterday afternoon.

J. W. Pillow, a representative of the publishers of the 1904 city directory, is engaged in making a revision of the directory that is to be issued. A 3-year-old child of William Gibbs, of Oakland, succumbed to an attack of pneumonia Sunday afternoon. Arrangements have not yet been completed for the funeral.

#### WILL INVOKE THE LAW.

Mrs. Soffel's Managers to Sue Those Who Prevented Performance. Connellsville, Pa., Jan. 25.—E. C. Higbee, attorney for Mrs. Kate Soffel, threatens many damage suits against those who prevented her appearance in "A Daring Woman." Higbee said that three suits for \$10,000 each would be brought against County Detective McBeth and District Attorney Jones, three in the United States court in Allegheny county against the same persons, and three in the United States court in New York state, as one of the persons arrested was from New York city.

A general damage suit will probably be instituted by the local theater manager against the county and suits for conspiracy against those who agitated and urged on the movement to suppress the show.

#### TO PREVENT THE GRIP.

Laxative Bromo Quinine removes the cause. To get the genuine, call for the full name. 25c.

## SENATOR IS INDICTED.

Burton of Kansas Charged With Serious Violation of Laws.

St. Louis, Jan. 25.—United States Senator Joseph Ralph Burton of Kansas has been indicted by the federal grand jury on a charge that he received \$2,500 from the Rialto Grain and Securities company of St. Louis for an attempt to prevent the post-office department from issuing a fraud order against that concern.

Senator Burton is at Washington. He cannot be arrested while the senate is in session, according to law.

It is charged that Senator Burton did, on March 26, 1903, unlawfully, willingly and corruptly receive from the Rialto Grain and Securities com-

SENATOR J. R. BURTON OF KANSAS.

pany \$500 as compensation for services rendered between Nov. 22, 1902, and March 26, 1903, to the Rialto Grain and Securities company before the post-office department in a matter pending in which the United States was directly interested.

Important testimony was secured from Major Dennis. He was ordered to bring the checks received by Senator Burton, which he did. There were five of these checks, each for \$500. All were indorsed by J. R. Burton, it is said.

The law says that no senator or representative shall receive compensation for services rendered to any persons in any matter in which the United States is a party, directly or indirectly.

## MASONIC TEMPLE ABLAZE.

Great Chicago Building Saved by Crew of Volunteer Firemen.

Chicago, Jan. 25.—Fire in the Masonic Temple caused a panic among the 4,000 occupants and caused \$20,000 damage. All occupants of the building escaped without serious injury through the bravery of the elevator men, who remained at their posts operating their cars while dense clouds of smoke filled the building.

When the great bell at the top of the rotunda sounded the alarm of fire, every janitor, engineer and fireman in the building responded and the temple fire brigade attached hose to the standpipes, which extend from the basement to the roof, and eight streams of water were turned upon the conflagration by the volunteer firemen.

The fire began on the fifth floor. A lighted match carelessly thrown by an employe into a pile of excelsior lying in a corner of the packing room is believed to have started the fire. The fire spread rapidly from the packing room to the other rooms and in a few minutes the entire suite was in flames and the light shaft of the building was filled with smoke.

The occupants, with the memory of the Iroquois theater holocaust, which occurred but one half square away, fresh in their minds, were alarmed when clouds of smoke filled every floor and rushed to the elevators. Many women fainted in the scramble to get into the elevators. The large building was emptied within half an hour after the fire was discovered.

Since the Iroquois fire Thomas McLennon, the special officer stationed at the building, organized a volunteer fire drill among the employes and they have been drilling twice a week.

#### COLD IN THE WEST.

Season's Low Temperature Record Broken in Many Sections.

Chicago, Jan. 25.—Extreme cold weather is recorded in various sections of the north and west. The cold wave extends over a wide area, embracing the Upper Mississippi and Missouri valleys and the western lake region. Particularly severe weather is reported in the Dakotas, Eastern Montana, Northeastern Nebraska, Northwestern Iowa, Northern Illinois and Indiana and portions of Wisconsin and Michigan.

The thermometer last night in this city registered 11 degrees below zero. There is suffering among the poor people and many of the homeless applied at the police stations for shelter. Only one death, that of a fisherman, has so far been reported. The weather bureau observer says it is possible that the mercury may go to 20 degrees below, and that the cold wave will last several days yet.

At St. Paul the minimum on the official thermometer was 33 degrees below zero. Other thermometers registered as low as 40. Bismarck reported 23 and Superior, Wis., 38. In a number of places in the northwest it was the coldest weather of the year. A severe blizzard raged at Houghton, Mich., trains being late and traffic badly impeded.

#### Gen. Collier Found Dead.

Louisville, Jan. 25.—General Daniel R. Collier, pension agent for Kentucky, was found dead.

## Coming to EAST LIVERPOOL, Thompson House, Tuesday, January 26, From 9 a. m. to 7 p. m. One Day Only.

One of the Chief Examining and Consulting Physicians of The France Medical Institute Co., by request, will visit the above town on the date named. CONSULTATION FREE AND STRICTLY CONFIDENTIAL.

IF YOU ARE SUFFERING FROM ANY DISEASE, WEAKNESS OR DISABILITY, WHY NOT CONSULT AN EXPERIENCED, EDUCATED SPECIALIST, ONE THOROUGHLY EQUIPPED WITH ALL THE NECESSARY APPLIANCES KNOWN TO MODERN MEDICAL SCIENCE?

## SPECIALISTS IN CHRONIC AND PELVIC DISEASES.

## THE FRANCE MEDICAL INSTITUTE

Established 1886. Largest Practice and Most Complete Institution of its kind in the United States. Our record of cures is second to none. Our practice extends not only throughout the United States, Canada, and Mexico, but also includes twenty years we have been making regular monthly visits to the principal cities of Ohio. The celebrated France Treatment is acknowledged by many, including prominent physicians, as being the most complete and successful treatment known to the medical world, for diseases of men and women. Wonderful Cures Effected in old cases which have been unskillfully treated. Our success is indicated by cures effected. Testimonials sent us by physicians and patients are positive proof. ### NO MONEY REQUIRED OF RESPONSIBLE PARTIES TO COMMENCE TREATMENT.

many foreign countries. Our long experience, remarkable skill, and universal success entitle us to the full confidence of the afflicted. For more than twenty years we have been making regular monthly visits to the principal cities of Ohio. The celebrated France Treatment is acknowledged by many, including prominent physicians, as being the most complete and successful treatment known to the medical world, for diseases of men and women. Wonderful Cures Effected in old cases which have been unskillfully treated. Our success is indicated by cures effected. Testimonials sent us by physicians and patients are positive proof. REFERENCES—We can refer you to the First National Bank, or any bank or reputable business house in Columbus, Ohio; besides, any reliable mercantile agency can be consulted as to our financial standing.

**WE TREAT AND CURE** all curable diseases of the Stomach and Bowels, such as Dyspepsia, Constipation, Piles, Diarrhoea; Eye and Ear Diseases; Heart and Liver Diseases; Blood and Skin Diseases; such as Scrofula, Ulcers, Eczema, Pimples; Female Diseases, especially those cases which have baffled the skill of other physicians. Epileptic Fits, Rupture, permanently cured by a new, scientific method. Brain, Spinal and Nervous Diseases, Paralysis, Locomotor Ataxia, Neuritis, Sciatica, Lumbago, Headache, Sleeplessness, Dizziness, Brain and Nervous Exhaustion, and Spinal Irritation. Cancer cured without the use of a knife. Kidney and Bladder Diseases, Bright's Disease, Diabetes, Inflammation of the Bladder, Enlarged Prostate, Frequent and Painful Urination, etc. Throat, Lung and Nasal Diseases, such as Catarrh, Bronchitis, Asthma, Consumption, Indigestion, etc., cured by our original system of home treatment. Rheumatism: our Special Treatment for Rheumatism is the most successful known.

It costs no more to employ an expert than to risk your life with an inexperienced physician.

**IMPORTANT TO LADIES.** After years of experience, we have discovered the greatest and most successful treatment for all diseases peculiar to the sex. Female diseases positively cured by a new method. The cure is effected by home treatment; entirely harmless and easily applied. You may consult us in confidence, no matter what the trouble may be. Consultation and correspondence free and strictly confidential.

**THE FRANCE URETHRAL TREATMENT** is a medicated bougie for the cure of Stricture and all forms of Diseases of the Bladder, Urethra, and Prostate Gland. The Bougies are inserted into the urethral canal upon retiring at night; they slip into position without the slightest effort, requiring a short time to dissolve. They act like a mild electric current, invigorating and imparting vim and snap to the entire body. The curative effect is felt from the first application. Our special treatment completely dissolves the Stricture and permanently removes obstructions from the urinary passage. Each person applying for Medical Treatment should bring or send from two to four ounces of urine, which will receive a careful chemical and microscopic examination. We have cured hundreds of cases we have never seen. Write for book of 100 pages and list of 500 questions. Correspondence, Consultation and Examination free and strictly confidential. No names published without written consent. Treatment sent by mail or express to any part of the United States. Call on or Address **The France Medical Institute Co., 28-40 West 23rd St., Columbus, O.** Next Door West of the Inter-Union Station.

## TRUMBULL LAWYERS ARE LONG LIVED

FOUR AT WARREN EACH OVER 50 YEARS AT THE BAR.

A Group of Remarkable Men Who Still Visit Law Offices Each Day.

Warren, January 25.—Probably no other bar in the state of Ohio, of its size, can boast of four as old active practitioners as can the Trumbull county bar. In its membership this bar has four attorneys who have each been in active practice for more than a half century: Hon. George M. Tuttle, who has practiced for 63 years; Hon. Ezra B. Taylor, who has been an active member of the bar for 59 years; Hon. Francis E. Hutchins, who has 52 years of practice to his credit, and Hon. John M. Stull, who has practiced for the past 50 years.

All of these men are still active and with the exception of Mr. Hutchins retain their offices in Warren and are there nearly every day.

Hon. Ezra B. Taylor and Mr. Tuttle are probably the most active of the quartet. They visit their offices every day, walking from their homes in all kinds of weather.

Hon. George M. Tuttle, who is the oldest in years and practice, is nearly 89, and was admitted to the bar at Windsor, Ashtabula county, in 1841. He practiced in that place for about two years when he moved to Warren, where he has since resided. In 1866 he was elected judge of the common pleas court, but resigned some six months before the end of his term to form a partnership with Hon. F. E. Hutchins. Judge Tuttle's early ambition to be the possessor of a library has been gratified, and he is now the possessor of one of the largest libraries of law and miscellaneous books in Trumbull county.

Hon. Ezra B. Taylor was admitted to the bar in Cleveland in 1845. He moved to Warren in 1862 and has since resided there. In 1877 he was appointed to succeed Judge Service on the common pleas bench and served until 1880 when he was chosen Garfield's successor as representative of the Nineteenth congressional district. He served as the district's representative in congress for thirteen years and was succeeded in 1893 by Hon. Stephen A. Northway, of Jefferson, Ashtabula county.

Hon. Francis E. Hutchins commenced the practice of law in 1851 at Youngstown. He practiced there until 1859 when he moved to this city. During McKinley's first term he was appointed a special counsel in the attorney general's office at Washington, a position he still holds.

Hon. John M. Stull did not commence the study of law until he was 27 years old. Previous to taking up

the study of law he had been a blacksmith and school teacher. His studies were under the direction of Judge Barbee, of Campbellsville, Ky., and he was admitted to the bar at Warren in 1853. He has represented this district in the state senate and is well known through the state. He has always been an active Mason and is at present a trustee of the Masonic home at Springfield.

Each of these four remarkable men are staunch Republicans and each has done no little work for the good of the party.

With the exception of Mr. Taylor they have at some time during their long practice been associated with each other.

## COUNTY AND NEIGHBORHOOD

Jacob Huffman, of Greenville, Pa., was drowned while crossing a swollen creek near Youngstown.

The annual meeting of the grand lodge of Ohio, I. O. O. F., will be held at Youngstown in May.

Andrew Carnegie has offered to give Christ Episcopal church, New Brighton, \$1,200 toward a new church organ.

David Howard, of Salem, who was sent up for stealing a watch, has been paroled from the Mansfield reformatory.

Thomas Gates, 58 years old, of Youngstown, is seeking divorce, alleging ill treatment. He says his wife beat him with a poker.

Salem Sons of Veterans are talking of organizing an auxiliary company. This would have the same relation as the Uniform Rank to the Knights of Pythias.

"Tony" Campbell, an Italian, was blown to pieces by an explosion of dynamite in a Wabash railroad camp near Steubenville. Edward Warner was also killed by a passenger train near there.

Mrs. Alice Hunter, of Youngstown, was attacked on the street by an unknown man, who struck her with a baseball bat, fracturing her jaw. Her screams brought assistance, but her assailant escaped.

Contracts have been signed by Francis B. Morgan and the Eastern Construction company, of New York, for the building of 18 miles of electric road from Kenilworth to Warren. Work will begin April 1.

John Gibson, aged 30, of Deerfield, who became delirious from malarial fever and jumped from his bedroom window into the back yard in his night clothing, and ran away, died as the result of the exposure.

## DR. LYON'S French Periodical Drops

Columbiana County, State of Ohio, ss.  
I, Louis H. Brush, publisher of the  
Evening News Review, swear that the  
above statement is true.

Sworn to and subscribed to in my  
presence this 4th day of January, 1904.

J. S. HILBERT,

Notary Public.

Subscribers who fail to receive their  
papers promptly and regularly should  
at once notify the News Review office.  
Call by either telephone. All papers,  
even in the most distant parts of the  
city, should be delivered before 6 p. m.

MONDAY, JANUARY 25, 1904.

State Senator Ricketts, of Franklin  
county, has introduced in the legisla-  
ture a bill abolishing the fee system  
in the payment of nearly all county  
officials. The bill provides an annual  
salary for all probate judges, auditors,  
treasurers, prosecuting attorneys, sher-  
iffs, clerks of the common pleas court,  
recorders, surveyors and coroners. The  
county commissioners and infirmity di-  
rectors are to receive a per diem com-  
pensation. The legislature will do  
well if it enacts a sensible measure  
along these lines. The fee system has  
very little to recommend it.

A Berlin laundry advertises that it  
will supply linen free to customers if  
they will pay for the washing. Either  
the laundries over there are more  
careful in their washing or wash less  
frequently than they do here. Other-  
wise they never could afford to back  
an offer like that.

Another western senator is charged  
with accepting a measly little bribe.  
It is hard to believe that any senator  
would accept a paltry \$2,500, when  
western aldermen get ten times the  
amount for their influence.

The Youngstown & Southern is  
pushing work with a vigor that prom-  
ises its early completion. The grum-  
blers and prophets of evil who declared  
the road would never be built now  
have another guess.

The flood is past, but East Liverpool  
is not without interesting topics to  
discuss. For instance, there is the  
Wyman case. To be sure it is not new,  
but the older it grows the more in-  
teresting it gets.

The senate will now settle down to  
an indefinite and useless debate on the

## Biting Winds

Will war on complexions for sev-  
eral months now. To many,  
the fall and winter months are  
months of constant discomfort  
through chapping and roughening  
of the skin. You can defy the  
wind by using

### CRAIG'S FRAGRANT LOTION

It will be a daily source of  
delightful comfort. Daintily  
perfumed, quick to relieve, per-  
fectly harmless. Use it when the  
skin is rough, reddened or in-  
flamed from any cause. No grease  
or stickiness; nothing but heal-  
ing.

Price 10 and 25 cents.

## OBITUARY

Mrs. Mary McCalmont.

Word has been received by relatives  
in this city of the death near West  
Middletown, Pa., of Mrs. Mary Mc-  
Calmont, widow of the late Alexander  
McCalmont, aged 75 years. She died  
the result of a stroke of paralysis.  
The deceased belonged to an old and  
widely connected family among whose  
members were the first settlers of  
western Washington county. She was  
born in Brooke county, W. Va., and  
was married to Mr. McCalmont at the  
age of 20 years. She was a consist-  
ent member of the United Presbyter-  
ian church at Hickory. She is sur-  
vived by the following children: John  
P. McCalmont, of this city; Mrs. Mary  
White, of Crafton; Mrs. Van Eman  
Lindsey, of Washington; James Mc-  
Calmont, of near Washington; Samuel  
McCalmont, of Hickory; Mrs. William  
Connor, of Washington; A. L. McCal-  
mont, of Pittsburgh; Mrs. James Man-  
son, of West Middletown; Mrs. W. H.  
McBurney, of Crafton; Mrs. W. E.  
Lane, of West Middletown, wife of W.  
E. Lane, general agent for the Pitts-  
burgh Life & Trust company, of Pitts-  
burgh, and Mrs. Maude McCabe, of  
Washington. Mr. McCalmont left Sat-  
urday to attend the funeral.

Mrs. Ruth Ann Lee.

Salem, January 25.—(Special.)—  
Mrs. Ruth Ann Lee, widow of the late  
John P. Lee, died at her home, 255  
Garfield avenue, Salem, at 9:30 o'clock  
this morning. Mrs. Lee has been in ill  
health for several years, but was not  
thought to be in a serious condition  
until a few days ago. Her death is  
attributed to the infirmities of old age.  
Mrs. Lee was 74 years old, and had  
been a resident of Salem nearly all her  
life. She was a prominent church  
worker, and possessed many laudable  
and praiseworthy traits. Mrs. Lee is  
survived by three sons, Malcolm, of  
Salem, Joseph G., of East Liverpool,  
and Edgar, residing at Pittsburgh.

The funeral will be conducted from  
the home at 1:30 Thursday afternoon,  
Rev. H. W. Dewey, pastor of the M. E.  
church, of which deceased was a faith-  
ful member, officiating. Interment will  
be made later in Hope cemetery.

Mrs. Frances Veit.

Mrs. Frances Veit, aged 79, died last  
night at 10 o'clock at the home of her  
daughter, Mrs. Thomas McCormick,  
Pennsylvania avenue, East End. The  
cause was the infirmities of age. She  
is survived by two sons and two  
daughters, J. W. Schmelzenbach and  
Mrs. Thomas McCormick, residing in  
the East End, and William Schmelzen-  
bach and Mrs. Charles Ludington,  
of Washington county, O. She sur-  
vived her husband about a year.

Miss Lizzie Finney.

Miss Lizzie Finney, a highly re-  
spected young lady of Oakland, suc-  
cumbed to a severe illness of only a  
few days' duration. Miss Finney was  
a prominent church worker in the Sec-  
ond United Presbyterian church and  
a member of Pan-American court,  
Tribe of Ben Hur. The funeral will  
take place from the family residence  
and the burial will be at Riverview  
cemetery.

Robert Hopkins.

Robert, the little son of Mr. and Mrs.  
W. R. Hopkins, residing at Oakland,  
died yesterday. Funeral services will  
be conducted at the home at 10 o'clock  
tomorrow morning with interment at  
Riverview cemetery.

### EXPERT THIEF CAUGHT.

James Walters Has \$12,000 Worth of  
Stolen Diamonds on Person.

Minneapolis, Jan. 25.—James Wal-  
ters, alleged to be one of the most suc-  
cessful thieves in the United States,  
was arrested here as he was about to  
leave for Chicago. More than \$12,000  
worth of diamonds were found in his  
possession, while he confessed to hav-  
ing disposed of about \$13,000 worth of  
stones in the past three weeks.

The specific charge on which he is  
held is that of robbing Baroness  
Helena Radziwill of \$6,000 worth of  
stones at the Colonial hotel in San  
Francisco three weeks ago.  
William Korry, a local man who is  
alleged to have kept the diamonds for  
Walters while he was in the city, was  
arrested while awaiting his companion  
at Union station. Walters ar-  
rived at Minneapolis five days ago  
and registered at the National hotel  
as R. L. Stafford of Seattle. He was  
plentifully supplied with money and  
appeared to advantage about the city.  
When Walters was confronted with  
Kerry he confessed. He had made  
hotels a specialty for several years,  
and although he managed to secure  
considerable money, he claims this is  
the first time he has been arrested.

A full line of sanitarium Battle  
Creek foods just arrived at  
SCHMIDT'S CASH GROCERY.

\$1.50 fleeced lined wrappers for \$1.00.  
\$1.00 flannel skirt patterns for 69c.

## STAR BARGAIN STORE, 138-140 Fifth Street.

## THE NEW FENDER IS SATISFACTORY

Southside Cars Will Soon Be Equipped With the New  
Safety Device.

### ONE ON EACH CAR ENOUGH

As the Rock Springs Line Runs  
Around Loop And Does Not  
Change Ends—Features of the  
Test of Saturday.

General Manager George R. Ah-  
rends, of the Rock Springs street rail-  
way, announced this morning that ev-  
ery car operated in Chester and this  
city under control of the Southside  
company, will be equipped with the  
new Eclipse fender, manufactured in  
Cleveland, in less than two weeks.  
The test made of the fender in Ches-  
ter on Saturday afternoon more than  
pleased the management of the road  
and it is believed that the fenders will  
give eminent satisfaction.

The car used to demonstrate the  
worth of the fender was going as fast  
as the electricity would push it and the  
demonstrator was picked up in great  
style. He was not hurt in the least,  
and all of those who witnessed the  
exhibition agree with the railway  
people in the statement that no bet-  
ter fenders could be purchased. It  
was the intention of the company to  
give an order outright for enough fen-  
ders to equip all of the cars, but the  
man who performed the daring feat  
was only an agent, whose business is  
just to test the fenders, and the order  
was not sent to Cleveland until today.  
Each fender costs \$25, and there be-  
ing a large number of cars, summer  
and winter, the expense will be more  
than a trifle. One feature fortunate  
for the Southside company it will not  
be compelled to place more than one  
fender on a car. The Southside cars  
upon reaching either terminus of the  
line continue around a loop and con-  
sequently the trolley is never changed.  
Not so with the cars of the East Liver-  
pool line. They have no loops or  
turn tables, making it necessary to  
have a fender at each end.

As a result of the successful demon-  
stration of the fenders on his line, C.  
A. Smith will not be compelled to ap-  
pear before council tomorrow even-  
ing. The councilmen are satisfied that  
his fenders will be a success and as  
that was really all they wanted to be  
assured of, it will not be necessary for  
him to give further explanation. Mr.  
Healy, of the East Liverpool line, how-  
ever, will have to face the councilmen.  
He has at least been notified to do so.  
As stated previously the councilmen  
are not satisfied with his fenders, not-  
withstanding that he says they are  
identically the same as those used on  
the Broadway cars in New York and  
they will insist that he replace them  
unless he can demonstrate their worth.

'Tisn't safe to be a day without Dr.  
Thomas' Electric Oil in the house.  
Never can tell what moment an acci-  
dent is going to happen.

Subscribe for the News Review.

## AN AUGUST ASSEMBLAGE

Republicans from All Over the Coun-  
try Will Meet at the For-  
aker Banquet.

Youngstown, January 25.—The For-  
aker club has now completed all ar-  
rangements for its banquet on January  
29, and there no longer remains a  
doubt but that it will be the most im-  
portant and representative gathering  
of Republicans held in this section of  
the state in recent years.

All that remains to be done is to  
assign the toasts to the various speak-  
ers, and for this purpose Hon. R. W.  
Taylor is now in Washington.

The guest list has been limited to  
400, and the committee having the dis-  
position of tickets, finds no necessity  
of making a canvas, such is the de-  
mand, requisitions for tickets coming  
from many outside places in this state  
and in western Pennsylvania.

The committee will make ample pro-  
vision for representatives of the press,  
both in freedom of entertainment, and  
the performance of the work, to which  
they may be assigned.

Realizing the importance that will  
be attached to the event, on account  
of the high character and reputation  
of those who will appear at the speak-  
ers' table, the club will leave nothing  
undone that will contribute to the en-  
joyment and entertainment of those  
in attendance, and sustain its reputa-  
tion, both as hosts and as an organi-  
zation that stands in the lead of Repub-  
lican organizations of the state.

## FRIENDS AND VISITORS

W. G. Guy, of Rogers, is in the city  
on business.

Miss Laura Cope, of this city, is the  
guest of friends at Rogers.

A. Lewis has returned from Rogers,  
where he went on business.

Samuel Lashaw, of Rogers, is the  
guest of friends in this city.

N. P. McGaffick, of Signal, is the  
guest of friends in this city.

Charles Forster has returned to this  
city from a business trip to Zanesville.  
Gertie Beard, of this city, is spend-  
ing a few days with friends at Elkton.

J. C. Welker has returned to his  
home at Elkton after a visit in this  
city.

Paul Granger has returned to his  
home at Elkton after a business trip  
to this city.

W. V. McGaffick, who has been in  
this city for several days, has returned  
to Elkton.

W. D. Todd, of Lisbon, is visiting  
his brother, H. W. Todd, in this city.  
Col. and Mrs. H. R. Hill were guests  
of friends at Lisbon last week.

### A Vest Pocket Doctor.

Never in the way, no trouble to carry,  
easy to take, pleasant and never  
failing in results are DeWitt's Little  
Early Risers. A vial of these little  
pills in the vest pocket is a certain  
guarantee against headache, bilious-  
ness, torpid liver and all of the ills  
resulting from constipation. They  
tone and strengthen the liver. Sold  
by Alvin H. Bulger (only).

Three-lb. cans solid packed toma-  
toes, \$1 per dozen cans. Three cans  
peaches put up in syrup for 50c.  
SCHMIDT'S CASH GROCERY.

### THE AMERICAN FIRE EXTINGUISHER.

If you have not seen the American Fire Extinguisher, you  
have not seen an up-to-date Extinguisher. The American is as  
simple as a bucket of water but simpler and easier to handle as  
it does its own throwing. You don't have to get burned or suf-  
focated when putting a fire out with the AMERICAN.  
The American Oil & Leather Trust, have ordered the Ameri-  
can on three separate occasions. The Steel Trust, have ordered  
the second time. The Milwaukee Electric Ry. & L. Co., bought  
between 100 and 300 of them. The American received the high-  
est endorsement of the New York Fire Commissioners.

The American Extinguisher, \$15.  
The Eureka Extinguisher, second only to it \$5.

Columbiana County, State of Ohio, ss.  
I, Louis H. Brush, publisher of the  
Evening News Review, swear that the  
above statement is true.

LOUIS H. BRUSH.

Sworn to and subscribed to in my  
presence this 4th day of January, 1904.

J. S. HILBERT,

Notary Public.

Subscribers who fail to receive their  
papers promptly and regularly should  
at once notify the News Review office.  
Call by either telephone. All papers,  
even in the most distant parts of the  
city, should be delivered before 6 p. m.

MONDAY, JANUARY 25, 1904.

State Senator Ricketts, of Franklin  
county, has introduced in the legisla-  
ture a bill abolishing the fee system  
in the payment of nearly all county  
officials. The bill provides an annual  
salary for all probate judges, auditors,  
treasurers, prosecuting attorneys, sher-  
iffs, clerks of the common pleas court,  
recorders, surveyors and coroners. The  
county commissioners and infirmity di-  
rectors are to receive a per diem com-  
pensation. The legislature will do  
well if it enacts a sensible measure  
along these lines. The fee system has  
very little to recommend it.

A Berlin laundry advertises that it  
will supply linen free to customers if  
they will pay for the washing. Either  
the laundries over there are more  
careful in their washing or wash less  
frequently than they do here. Other-  
wise they never could afford to back  
an offer like that.

Another western senator is charged  
with accepting a measly little bribe.  
It is hard to believe that any senator  
would accept a paltry \$2,500, when  
western aldermen get ten times the  
amount for their influence.

The Youngstown & Southern is  
pushing work with a vigor that prom-  
ises its early completion. The grum-  
blers and prophets of evil who declared  
the road would never be built now  
have another guess.

The flood is past, but East Liverpool  
is not without interesting topics to  
discuss. For instance, there is the  
Wyman case. To be sure it is not new,  
but the older it grows the more in-  
teresting it gets.

The senate will now settle down to  
an indefinite and useless debate on the

## Biting Winds

Will war on complexions for sev-  
eral months now. To many,  
the fall and winter months are  
months of constant discomfort  
through chapping and roughening  
of the skin. You can defy the  
wind by using

### CRAIG'S FRAGRANT LOTION

It will be a daily source of  
delightful comfort. Daintily  
perfumed, quick to relieve, per-  
fectly harmless. Use it when the  
skin is rough, reddened or in-  
flamed from any cause. No grease  
or stickiness; nothing but heal-  
ing.

Price 10 and 25 cents.

## CHAS. F. CRAIG, DRUGGIST.

S. W. Cor. W. Fifth and Market Sts

Panama canal. As it is already decid-  
ed that the canal is to be built, why  
not get about it instead of wasting  
wind?

The weather bureau is useful occa-  
sionally. The flood warnings sent out  
from Pittsburgh were timely and fairly  
accurate; and doubtless prevented  
great destruction of property.

If the United States is wrong in re-  
cognizing the republic of Panama, as  
our Democratic brethren claim, how  
does it happen that all the rest of the  
nations have followed suit?

What the city needs is a water  
works system that will work as well in  
wet weather as in dry. Every time a  
flood stops the city's pumps it puts the  
city in peril.

A candidate for the presidency may  
be too much of a silent man. Judge  
Parker will have to offer a few re-  
marks if he is to be taken seriously.

The answer to the quo warranto pro-  
ceedings against Chief of Police John  
W. Wyman covers the ground very fully.  
Now let the battle begin!

The weather observers of Cleveland  
find that this is the coldest winter for  
30 years. And the groundhog has yet  
to be heard from.

Despite the superabundance of water  
in the past few days, East Liverpool  
streets would look better for another  
washing.

The authorities of Connellsville, Pa.,  
accomplished a good job in keeping  
Mrs. Soffel off the stage even for one  
night.

Watterson, of Louisville, calls Bry-  
an's policy "political insanity." He  
is something of an expert on that sub-  
ject.

A good plank in the next Democratic  
platform would be a resolution not to  
let Bryan do all the talking for the  
party.

The island of Hayti has two small  
republics and innumerable small revo-  
lutions.

The thermometer certainly has its  
ups and downs.

### Prevent Disease

By the proper use around  
the house of a reliable dis-  
infectant you destroy the  
germs which breed under  
damp carpets, in cellars,  
drains, closets and all close  
or unclean places.

### Solution of Chlorides

is an ideal disinfectant; it  
is not poisonous, will not  
stain, has no odor and is  
cheap. It quickly destroys  
disease-breeding bacteria.  
It is a powerful deodorizer,  
it is the "ounce of preven-  
tion" which is worth many  
pounds of cure.

## OBITUARY

Mrs. Mary McCalmont.

Word has been received by relatives  
in this city of the death near West  
Middletown, Pa., of Mrs. Mary Mc-  
Calmont, widow of the late Alexander  
McCalmont, aged 75 years. She died  
as the result of a stroke of paralysis.  
The deceased belonged to an old and  
widely connected family among whose  
members were the first settlers of  
western Washington county. She was  
born in Brooke county, W. Va., and  
was married to Mr. McCalmont at the  
age of 20 years. She was a consist-  
ent member of the United Presbyter-  
ian church at Hickory. She is sur-  
vived by the following children: John  
P. McCalmont, of this city; Mrs. Mary  
White, of Crafton; Mrs. Van Eman  
Landsey, of Washington; James Mc-  
Calmont, of near Washington; Samuel  
McCalmont, of Hickory; Mrs. William  
Connor, of Washington; A. L. McCal-  
mont, of Pittsburgh; Mrs. James Man-  
son, of West Middletown; Mrs. W. H.  
McBurney, of Crafton; Mrs. W. E.  
Lane, of West Middletown, wife of W.  
E. Lane, general agent for the Pitts-  
burgh Life & Trust company, of Pitts-  
burgh, and Mrs. Maude McCabe, of  
Washington. Mr. McCalmont left Sat-  
urday to attend the funeral.

Mrs. Ruth Ann Lee.

Salem, January 25.—(Special).—  
Mrs. Ruth Ann Lee, widow of the late  
John P. Lee, died at her home, 255  
Garfield avenue, Salem, at 9:30 o'clock  
this morning. Mrs. Lee has been in ill  
health for several years, but was not  
thought to be in a serious condition  
until a few days ago. Her death is  
attributed to the infirmities of old age.  
Mrs. Lee was 74 years old, and had  
been a resident of Salem nearly all her  
life. She was a prominent church  
worker, and possessed many laudable  
and praiseworthy traits. Mrs. Lee is  
survived by three sons, Malcolm, of  
Salem, Joseph G., of East Liverpool,  
and Edgar, residing at Pittsburgh.

The funeral will be conducted from  
the home at 1:30 Thursday afternoon.  
Rev. H. W. Dewey, pastor of the M. E.  
church, of which deceased was a faith-  
ful member, officiating. Interment will  
be made later in Hope cemetery.

Mrs. Frances Veit.

Mrs. Frances Veit, aged 79, died last  
night at 10 o'clock at the home of her  
daughter, Mrs. Thomas McCormick,  
Pennsylvania avenue, East End. The  
cause was the infirmities of age. She  
is survived by two sons and two  
daughters, J. W. Schmelenbach and  
Mrs. Thomas McCormick, residing in  
the East End, and William Schmelen-  
bach and Mrs. Charles Ludington,  
of Washington county, O. She sur-  
vived her husband about a year.

Miss Lizzie Finney.

Miss Lizzie Finney, a highly re-  
spected young lady of Oakland, suc-  
cumbed to a severe illness of only a  
few days' duration. Miss Finney was  
a prominent church worker in the Sec-  
ond United Presbyterian church and a  
member of Pan-American court,  
Tribe of Ben Hur. The funeral will  
take place from the family residence  
and the burial will be at Riverview  
cemetery.

Robert Hopkins.

Robert, the little son of Mr. and Mrs.  
W. R. Hopkins, residing at Oakland,  
died yesterday. Funeral services will  
be conducted at the home at 10 o'clock  
tomorrow morning with interment at  
Riverview cemetery.

### EXPERT THIEF CAUGHT.

James Walters Has \$12,000 Worth of  
Stolen Diamonds on Person.

Minneapolis, Jan. 25.—James Wal-  
ters, alleged to be one of the most suc-  
cessful thieves in the United States,  
was arrested here as he was about to  
leave for Chicago. More than \$12,000  
worth of diamonds were found in his  
possession, while he confessed to hav-  
ing disposed of about \$13,000 worth of  
stones in the past three weeks.

The specific charge on which he is  
held is that of robbing Baroness  
Helena Radziwill of \$6,000 worth of  
stones at the Colonial hotel in San  
Francisco three weeks ago.

William Kerry, a local man who is  
alleged to have kept the diamonds for  
Walters while he was in the city, was  
arrested while awaiting his compan-  
ion at Union station. Walters ar-  
rived at Minneapolis five days ago  
and registered at the National hotel  
as R. L. Stafford of Seattle. He was  
plentifully supplied with money and  
appeared to advantage about the city.  
When Walters was confronted with  
Kerry he confessed. He had made  
hotels a specialty for several years,  
and although he managed to secure  
considerable money, he claims this is  
the first time he has been arrested.

A full line of sanitarium Battle  
Creek foods just arrived at  
SCHMIDT'S CASH GROCERY.

\$1.50 fleeced lined wrappers for \$1.00.  
\$1.00 flannel skirt patterns for 69c.

## THE NEW FENDER IS SATISFACTORY

Southside Cars Will Soon Be Equipped With the New  
Safety Device.

### ONE ON EACH CAR ENOUGH

As the Rock Springs Line Runs  
Around Loop And Does Not  
Change Ends—Features of the  
Test of Saturday.

General Manager George R. Ah-  
rends, of the Rock Springs street rail-  
way, announced this morning that ev-  
ery car operated in Chester and this  
city under control of the Southside  
company, will be equipped with the  
new Eclipse fender, manufactured in  
Cleveland, in less than two weeks.  
The test made of the fender in Ches-  
ter on Saturday afternoon more than  
pleased the management of the road  
and it is believed that the fenders will  
give eminent satisfaction.

The car used to demonstrate the  
worth of the fender was going as fast  
as the electricity would push it and the  
demonstrator was picked up in great  
style. He was not hurt in the least,  
and all of those who witnessed the  
exhibition agree with the railway  
people in the statement that no bet-  
ter fenders could be purchased. It  
was the intention of the company to  
give an order outright for enough fen-  
ders to equip all of the cars, but the  
man who performed the daring feat  
was only an agent, whose business is  
just to test the fenders, and the order  
was not sent to Cleveland until today.  
Each fender costs \$25, and there be-  
ing a large number of cars, summer  
and winter, the expense will be more  
than a trifle. One feature fortunate  
for the Southside company it will not  
be compelled to place more than one  
fender on a car. The Southside cars  
upon reaching either terminus of the  
line continue around a loop and con-  
sequently the trolley is never changed.  
Not so with the cars of the East Liv-  
erpool line. They have no loops or  
turn tables, making it necessary to  
have a fender at each end.

As a result of the successful demon-  
stration of the fenders on his line, C.  
A. Smith will not be compelled to ap-  
pear before council tomorrow even-  
ing. The councilmen are satisfied that  
his fenders will be a success and as  
that was really all they wanted to be  
assured of, it will not be necessary for  
him to give further explanation. Mr.  
Healy, of the East Liverpool line, how-  
ever, will have to face the councilmen.  
He has at least been notified to do so.  
As stated previously the councilmen  
are not satisfied with his fenders, not-  
withstanding that he says they are  
identically the same as those used on  
the Broadway cars in New York and  
they will insist that he replace them  
unless he can demonstrate their worth.

'Tisn't safe to be a day without Dr.  
Thomas' Electric Oil in the house.  
Never can tell what moment an acci-  
dent is going to happen.

## AN AUGUST ASSEMBLAGE

Republicans from All Over the Coun-  
try Will Meet at the For-  
aker Banquet.

Youngstown, January 25.—The For-  
aker club has now completed all ar-  
rangements for its banquet on January  
29, and there no longer remains a  
doubt but that it will be the most im-  
portant and representative gathering  
of Republicans held in this section of  
the state in recent years.

All that remains to be done is to  
assign the toasts to the various speak-  
ers, and for this purpose Hon. R. W.  
Taylor is now in Washington.

The guest list has been limited to  
400, and the committee having the dis-  
position of tickets, finds no necessity  
of making a canvas, such is the de-  
mand, requisitions for tickets coming  
from many outside places in this state  
and in western Pennsylvania.

The committee will make ample pro-  
vision for representatives of the press,  
both in freedom of entertainment, and  
the performance of the work, to which  
they may be assigned.

Realizing the importance that will  
be attached to the event, on account  
of the high character and reputation  
of those who will appear at the speak-  
ers' table, the club will leave nothing  
undone that will contribute to the en-  
joyment and entertainment of those  
in attendance, and sustain its reputa-  
tion, both as hosts and as an organi-  
zation that stands in the lead of Repub-  
lican organizations of the state.

## FRIENDS AND VISITORS

W. G. Guy, of Rogers, is in the city  
on business.

Miss Laura Cope, of this city, is the  
guest of friends at Rogers.

A. Lewis has returned from Rogers,  
where he went on business.

Samuel Lashaw, of Rogers, is the  
guest of friends in this city.

N. P. McGaffick, of Signal, is the  
guest of friends in this city.

Charles Forster has returned to this  
city from a business trip to Zanesville.  
Gertie Beard, of this city, is spend-  
ing a few days with friends at Elkton.

J. C. Welker has returned to his  
home at Elkton after a visit in this  
city.

Paul Granger has returned to his  
home at Elkton after a business trip  
to this city.

W. V. McGaffick, who has been in  
this city for several days, has returned  
to Elkton.

W. D. Todd, of Lisbon, is visiting  
his brother, H. W. Todd, in this city.  
Col. and Mrs. H. R. Hill were guests  
of friends at Lisbon last week.

### A Vest Pocket Doctor.

Never in the way, no trouble to car-  
ry, easy to take, pleasant and never  
failing in results are DeWitt's Little  
Early Risers. A vial of these little  
pills in the vest pocket is a certain  
guarantee against headache, bilious-  
ness, torpid liver and all of the ills  
resulting from constipation. They  
tonic and strengthen the liver. Sold  
by Alvin H. Bulger (only).

Three-lb. cans solid packed toma-  
toes, \$1 per dozen cans. Three cans  
peaches put up in syrup for 50c.

P. S.—Buy the Ralston Health Shoes, in enamel or patent colt. Every pair guaranteed not to break through. Price \$4.00.

## WELLSVILLE AND VICINITY

MORNING TRAINS  
WERE ANNULLED

The Landslide at Yellow Creek Made a Big Lot of Cleaning Up Necessary.

Early morning trains on the river division of the Cleveland & Pittsburgh road were annulled. The main line was open from Pittsburgh to Cleveland via Yellow Creek.

The landslide one mile below the creek was more extensive than was at first supposed. After the three cars were replaced on the track Saturday morning, and the tracks about open for through travel, another slide occurred greater than was the first. Two steam shovels have been at work cleaning the tracks since late Saturday from both ends.

Officials of the railroad company announced at noon that it was hoped the line would be open for traffic by this evening. If so, trains would be operated to Steubenville.

At George's Run, below Mingo, the tracks were submerged to such a depth that it was impossible for trains to run through. Tracks at Steubenville were under water, as was also the case at Bellaire and Bridgeport.

The noon train on the river division was run from Steubenville to the slide near Port Homer, where passengers were transferred to a special train made up at the Wellsville shops, which returned to Wellsville where connections were made for the train from Cleveland to Pittsburgh.

FLOOD DAMAGE  
IN WELLSVILLE

Effects Fast Being Repaired—The Greatest Loss is to Workmen.

Now that the waters of the Ohio are receding, residents whose homes were submerged are counting the cost. Damages lurk in all the homes that were touched by the flood of Saturday and Sunday.

Precautions will have to be taken by the people living in these flooded houses, or there will be an epidemic of sickness in Wellsville. There is now one case of typhoid fever in the city, and it is possible pneumonia will result from the recent flood.

The boiling of all water before drinking will without question prevent many cases of typhoid.

All the potteries and those manufacturing plants located in the north end of Wellsville are closed, and will not resume operations until Wednesday at least.

By that time the break in the gas main will be repaired and the flood debris cleared from the lower floors of the plants. It is estimated today that the flood damage to Wellsville will not exceed \$5,000, although the loss in wages to workmen will go above this mark.

## GAS SHORTAGE

Due to Breaks in the Main and Submerging of the Regulator House.

Announcement was made by the officials of the Tri-State Gas company this morning that the break in the four inch high pressure main in Seventh street would be repaired soon. The company proposed this morning to get a flat boat and grapple the main, pulling it out of the water and then capping the break. As this is rather dangerous work it is possible that the break will not be repaired until the water recedes several feet more.

The shortage of gas in Wellsville this morning was caused by the flood submerging the regulator house. Employees of the company said at noon that all the water had been pumped from mains and the supply of gas was now as it was before the flood.

Precautions were taken that no fire

was built in the vicinity of the break, for if the escaping gas should be ignited damage would surely result.

With moderating weather there is danger of the Cleveland & Pittsburgh tracks being weakened at the break. Steps, however, will be taken to prevent any serious damage there.

## NEW RECORD MADE

In Starting Up the Pumping Station After the Shut Down Caused By Flood.

A new record was established by those in charge of the Wellsville water works in starting the pumps after the pumping station had been flooded.

Fires were placed under the boilers at 9 o'clock Sunday night. A syphon, which cost the city but \$25, was used to pump the water out of the big well, and within two and one-half hours after the fires were started water was being pumped into the reservoir. Hereafter it has required about 10 hours to empty the well and force water into the basin.

So far as can be noticed no damage has resulted to the new work in the new pumping station. It may be that the tunnel has been damaged, but of this fact nothing can be learned until the river resumes its normal stage.

## BUSINESS MEN

Take Preliminary Steps Towards Effecting an Organization in Wellsville.

Business men of Wellsville propose to organize a credit association similar to that now in operation in East Liverpool.

Preliminary arrangements for the formation of this association were completed at a meeting of business men held last week, and it is expected that another meeting will be held, possibly tomorrow night at city hall.

Various committees have been appointed and these will make reports at the next meeting. The real object of the association has become known, although a strenuous attempt was made to keep the rules of the association a secret.

## Condemnation Proceedings.

Condemnation proceedings will be heard in probate court tomorrow in the case of the city of Wellsville against J. C. Elliott. The city desires property on Sewer street owned by Mr. Elliott for the completion of the belt line, which the owner so far has refrained from setting a price upon. It is said council has decided upon a price to offer Mr. Elliott in court, and if he refuses this court costs will likely fall upon him.

## McCormick Arrested.

Andrew McCormick, wanted, according to a statement of Mayor Fogo for pointing firearms at his wife some months ago, was apprehended last night by Chief Houser and Patrolman Melvaine. He was placed in jail. McCormick, according to city officials, has been in Sebring. No attempt had been made to catch him there, it is said. The case in the local court is of long standing.

## First M. E. Church.

The official board of the First Methodist Episcopal church will meet tonight. A meeting of the music committee will also be held. Three new names were added to the rolls of this church yesterday, as a result of the special meetings held there for the past fortnight. These meetings closed last Thursday evening, but as soon as the weather moderates it is expected special services will be resumed.

## Burial Delayed.

The body of Harriet Woodmansee, who died at Pittsburgh Saturday, was brought to Wellsville yesterday. It was to be shipped to St. Clairsville, but the flood caused all trains on the river division of the C. & P. to be annulled. It is possible the body will be sent to Pittsburgh again, and then to Wheeling, from where it can be taken across the river to Bridgeport and continued to its destination.

## Wires Were Crippled.

Railroad telegraph wires were broken down on account of the landslide at Yellow Creek. It was impossible for operators to receive reports from the river division on this account until about noon, when repairs were completed.

## WELLSVILLE SHORT STORIES.

On account of the flood attendance at many of the Wellsville churches yesterday was decreased.

Six applicants will take the civil service examination tonight in the office of the board of public safety.

Mrs. William Severs is ill at her home with typhoid fever. This is the first case of fever in Wellsville so far this year.

Because of the flood, new officers were not installed by the Wellsville lodge Knights of Columbus yesterday. District Deputy T. J. Duffy was unable

## FREE ON APPROVAL

Coupon Entitles You to a 50c Box of Mi-o-na, the Flesh-Forming Food, at Will Reed's Drug Store.

Mi-o-na, the flesh forming food, is entirely different from any other medicine or treatment for dyspepsia. The results are so uniformly successful that Druggist Reed wants every reader of the News Review to bring the following coupon to his store and obtain a 50c box of Mi-o-na on approval:

## COUPON.

This coupon entitles any reader of the News Review to: have the purchase price of: Mi-o-na refunded in case it: does not increase the weight: and cure stomach troubles. I: will assume all the risk and: Mi-o-na is absolutely free unless it gives satisfaction.

WILL REED.

I TAKE ALL RISK.

The poor, thin, emaciated dyspeptic, when he becomes plump and rosy after using Mi-o-na, will forget that there is such a thing as indigestion or stomach troubles. This liberal coupon offer of Mr. Reed's means just what it says, that Mi-o-na will cost you nothing unless it increases weight and gives freedom from stomach troubles.

As an evidence of good faith, when you get a box of Mi-o-na, leave 50c on deposit with Will Reed and he will give you a signed receipt, stating that the money will be returned to you in case you are not satisfied with the results you obtain from using Mi-o-na.

to get to Wellsville on account of the high water, which caused the installation to be deferred for a week at least.

The service board will hold its regular weekly meeting tomorrow morning. Announcement is made that only routine business will be considered.

Six persons united with the First Presbyterian church yesterday. The special services that have been held at this church terminated Saturday. Justice McKenzie has reserved his decision in the case of Agnew against Arnold, which was heard in his court Saturday. The amount claimed was about \$43.

The Wellsville board of education will meet tonight. It is possible bids will be opened at this meeting for the placing of fire escapes in the East End building.

Ruins of the Kenilworth brick plant were partially submerged by the flood. Practically no damage was occasioned by this, as the waters did not carry off any materials that were lying on the site of the old plant.

An axle of car No. 9 of the East Liverpool street railway broke Saturday. The car was taken to the Twelfth street switch, where it remained until this morning. It was taken to the car barns by the freight car.

Revival services will be continued at the First U. P. church during the week. The meetings last week were very successful, a number of new names being added to the church rolls as a result of the services.

SCORES SHUT IN  
BY AN EXPLOSION

AT CHESWICK, PA., 125 MINERS ARE PRISONERS.

Their Fate Not Yet Known—Three Tipton Men Were Fatally Burned.

Pittsburgh, January 25.—(Special.)—An explosion today in the shaft of the Harwick Coal company's mine at Cheswick, Pa., imprisoned 125 miners. Three tipton men were fatally burned. The fate of the imprisoned men is not yet known.

## Alexander Taylor.

Alexander Taylor, aged 70, died at his home near the Brick church, north of Wellsville, Saturday evening, of old age. Funeral services will be held Tuesday morning. Burial at Brick church.

## SOUTH SIDE

CASE TO BE HEARD  
IN NEW YORK CITY

Action of Louis Cunningham, For Alleged Poisoning, Long Delayed.

Louis Cunningham, who has had a case pending in the Pittsburgh courts the past two years, against the firm of Arbuckle Bros., has been informed that the case is out of the jurisdiction of the Pennsylvania courts and has been transferred to New York city, where it will soon be heard. The family of Mr. Cunningham, with the exception of a small child, claim to have been arsenically poisoned through the use of glazed coffee.

The case will be watched with great interest by many who are curious as to the outcome.

## ITALIAN TREED

His Shelter Tipped Over and He Grabbed a Friendly Tree.

An Italian laborer was treed Saturday afternoon. The man had got onto the roof of his shanty on Gardner's Bottom to take observations as to what was drifting down the river, when he felt the shanty moving and it tipped over. To save himself he jumped for a small tree alongside the house.

He made the perilous jump in time to get to safety, and from his perch lustily yelled for assistance. Section Foreman Kenney and his men assisted the frightened man to terra firma.

## Purchased Oil Tools.

J. A. McDonald, Thomas R. Campbell and Robert H. Grandstaff have purchased a string of oil well tools at Marietta. The tools are expected to arrive in Chester the first of next week. Preparations are under way to put the tools in immediate operation in the vicinity of Chester, where the gentlemen have secured much valuable territory that will be developed.

## Shooting Deferred.

The shooting of the oil well on the farm of A. P. Howard & Son, which was to have been done last week, was postponed on account of developments at that time, whereby the shooting would not have been profitable. Messrs. Howard intend shooting the well today and going on with the sinking of another one.

## Railroad Will Resume.

Agent Skinner has received word that traffic will be resumed on the New Cumberland branch tomorrow. A large force of men have been engaged in cutting away the ice and examining the culverts along the line and it is thought the early accommodation train will be up on its regular time.

## Odd Fellows' Meeting.

The newly instituted lodge of Odd Fellows will hold the next regular meeting in Mechanics' hall Wednesday night, and many candidates will be initiated. The lodge intend to adopt a complete outfit as soon as it can be obtained.

## Steam Shovel Arrives.

The steam shovel for use at the park has arrived and will be unloaded from the cars tomorrow or as soon as the men employed on it arrive from New Brighton. The machine is owned by Coates & Co.

## CHESTER NOTES.

Harvey Plankinton has suffered a relapse and is again confined to the house.

A daughter has come to the home of Mr. and Mrs. B. S. Kelch, of Third street.

A young daughter of Reason H. Allison was taken ill Sunday night, but was improved today.

The mill did not resume operations on the midnight turn as usual, on account of the shortage of certain metal that was necessary on a large order. The regular turn will go on at 4 o'clock this afternoon.

John W. Finson, who has been dangerously ill with pneumonia, is recovering.

Harry Cole, of Lawrenceville, for a long period ill with typhoid fever, is getting better.

## Mrs. Sarah Utery.

Lisbon, January 25.—(Special.)—Mrs. Sarah Utery, wife of James Utery, died rather suddenly yesterday morning at her home six miles west of Lisbon in Center township. She had been suffering from a severe cold, but was thought to be getting along all right. The cause of death was heart failure. She was 72 years old and was Miss Sarah Stapleton before her marriage in 1878 and was a native of Elkrun township. She is survived by her husband and two doted daughters, Mrs. Ralph Hanna, near Lisbon, and Mrs. John Arter, near Hanover. A brother, Samuel, lives in Elkrun township. The funeral will be held Wednesday morning.

## A CHILD SEIZED

BY ITS FATHER

LITTLE ONE TAKEN FROM SALINEVILLE BY S. SALTSMAN.

Sensational Culmination of a Long Series of Family Differences.

Salineville, January 25.—(Special.)—This town was stirred from one end to the other Saturday afternoon by one of the boldest kidnaping exploits ever recorded here. The attempt was in every way successful, and the sensational features have been the sole topic of conversation ever since.

The domestic troubles of Mr. and Mrs. Seward Saltsman have become so well known that people in this community have ceased to take an interest in them, and recently dropped the subject entirely when the husband entered suit for divorce. A temporary agreement had been made between husband and wife whereby the former was to have custody of the two older children, while the infant 11 months old was to remain with its mother.

Saltsman on Saturday, it is said, became enraged at what he believed to be the disgraceful conditions under which his child was living, and came to town from his home one mile south of Salineville, for the express purpose of securing the little one. He sent word to the wife that he desired to see his child, and that she was to bring it to the postoffice. Mrs. Saltsman complied, and the husband soon had his little one in his arms.

Saltsman came to town with a rig and was accompanied by John and Howard Elliott. Soon after securing the baby Saltsman attracted his wife's attention to some other portion of the postoffice and while she was looking in another direction made a bolt for the door. The rig was standing in front of the building, and with the aid of his two confederates Saltsman succeeded in getting clear away. Mrs. Saltsman was apparently distracted with grief at the loss of her child and promises to take steps to recover possession of it.

THROUGH TRAFFIC  
BY STREET CARS

LINE TO THE EAST END TO BE OPEN BY EVENING.

A Big Task to Clear the Tracks of Ice And Flood Debris in the City.

Through traffic on the lines of the United Power company, it is thought, will be resumed this evening. Foreman Hickey with 75 men is engaged in getting the tracks in shape between the power house and Second street.

The work of clearing the track is great and the removing of the heavy ice, which has to be broken and carried in chunks to the river bank makes the progress slow. The men succeeded in clearing the tracks from Ralston's Crossing to the power house this morning, and the cars follow up as far as the tracks are cleared.

Supt. Thomas stated that the slowest work would be that of righting four of the trolley wire poles that have fallen over and are tightly frozen deep in the ground. A shanty boat owned by G. W. Willis, which was washed up onto the street car tracks, still remains where the water carried it.

The owner has not put in an appearance to remove the boat, but as soon as the cars can be brought to the point, the motive power of the company will be used to turn the boat off the street car line.

POTTERY TRUST  
OF \$50,000,000

Rumored Big Combine at Trenton Not Heard of in This City.

A dispatch sent out from Philadelphia states that all the potteries in the United States except three small establishments in remote sections of the country have been combined under an ironclad agreement and bond, which controls the manufacture and sale of pottery throughout America, and speaks of it as a \$50,000,000 trust with headquarters in East Liverpool. The only record of the trust is on file at Trenton, where the articles incorporating the Pottery Selling company, capital, full paid, \$1,000,000, are held.

Local manufacturers who were consulted disclaim any knowledge of such a project. They say the selling company recently formed at Trenton has probably been confused with the Pottery association here.

Verdict for Plaintiff—A verdict for the plaintiff was rendered by Squire McCarron this morning in the case of the American Cash Grocery vs. George Smart. The plaintiff sued for \$54.72, due on a grocery bill. Attorney Grosshans represented the defendant and Attorney Travis the plaintiff.

THE FLOOD'S FURY  
IS NOW EXHAUSTED

Continued from First Page.

up and rode gracefully on the swift current.

Jethro was perhaps the busiest place along the river front, and residents were hard at work since early yesterday morning preparing to move to the lower floors of their houses, all of which had been abandoned when the water showed signs of reaching a dangerous point. The people of this little community have learned to take floods as a matter of course, and went about the task before them as though it was an every day occurrence. It is said there is not one of the probably 15 families who always suffer most who would consent to move to higher ground if they had the opportunity. In this vicinity more than a dozen families were compelled to move everything to an upper story or entirely out of the house, and the buildings were in several instances left completely at the mercy of the flood.

Windows were broken by the heavy ice, outbuildings were carried away and some of the houses twisted on their foundations, but no one seems discouraged and the dwellings are being made inhabitable as rapidly as possible. The most distressing condition confronting the Jethro people is the possibility of a coal famine. When the flood came on but little coal was on hand in any of the homes there, and this has rapidly disappeared since the waters went down. It will be extremely difficult to relieve the suffering, as no wagons can possibly enter the district for several days. The entire hollow is stacked high with ice, and although the water has escaped from beneath, it is well high impossible to go about. A large amount of water is still backed up north of the railroad just at the stone culvert, and it is thought several days will elapse before the basin will be entirely empty.

The residents of a large portion of Smith's Ferry are in a bad predicament, caused by the enormous amount of heavy ice left in the wake of the falling river. The ice, very little of it being less than 10 inches in thickness, and much of it gorge ice, has made passage through the streets almost an impossibility. All are busily engaged in making the best of the bad situation.

A dispatch from Toronto last evening said of the situation in that vicin-

ity: Great damage was done to property at New Cumberland, W. Va., and at Empire, two miles from there. Empire is under water and people are camping out in box cars. New Cumberland is almost as bad. To add to the suffering the natural gas is shut off and bitter cold prevails. The Chesapeake China company and ten of the Mack Brick plants and others will be badly damaged. The property loss will exceed \$100,000. Toronto is cut off from the outside world. Five miles east of here on the Cleveland and Pittsburgh railroad the entire hill has slipped down on the track. A steam shovel is working at each end and the road may be open Monday night. South of here the Steubenville Traction company's trestles have floated off. The 1891 mark was just touched here.

## The Candle Nut.

The candle nut is a native of the Pacific islands, and the name is derived from the fact that the kernels are so full of oil that when dried they are stuck on reeds and used as candles. The people of Hawaii, after having roasted these nuts and removed the shells, reduce the kernels to a paste, which is flavored with pepper and salt and is said to be a most appetizing dish. The husk of the nut and the gum which exudes from the tree have medicinal values, while the burned shell of the kukui is used to make an indelible ink with which tattooing is done.

## Figuring It Out.

"Did the old lady give you anything when you took her trunk upstairs without knocking the lid off?" inquired the first porter.

"No, but she thanked me kindly."

"Well, kind words will never die," returned the first porter.

"Neither will they buy groceries,"—Cleveland Leader.

## Disposing of Papa.

"I always contend, sir," said the girl's father meaningly, "that young men should be in bed before 10:30 each night."

"Yes?" replied the young man who was calling on the girl. "I hope you set that good example yourself, sir."—Philadelphia Ledger.

Six persons united with the First Presbyterian church yesterday. The special services that have been held at this church terminated Saturday.

Justice McKenzie has reserved his decision in the case of Agnew against Arnold, which was heard in his court Saturday. The amount claimed was about \$43.

The Wellsville board of education will meet tonight. It is possible bids will be opened at this meeting for the placing of fire escapes in the East End building.

Ruins of the Kenilworth brick plant were partially submerged by the flood. Practically no damage was occasioned by this, as the waters did not carry off any materials that were lying on the site of the old plant.

An axle of car No. 9 of the East Liverpool street railway broke Saturday. The car was taken to the Twelfth street switch, where it remained until this morning. It was taken to the car barns by the freight car.

Revival services will be continued at the First U. P. church during the week. The meetings last week were very successful, a number of new names being added to the church rolls as a result of the services.

SCORES SHUT IN  
BY AN EXPLOSION

AT CHESWICK, PA., 125 MINERS ARE PRISONERS.

Their Fate Not Yet Known—Three Tiptoe Men Were Fatally Burned.

Pittsburg, January 25.—(Special.)—An explosion today in the shaft of the Harwick Coal company's mine at Cheswick, Pa., imprisoned 125 miners. Three tiptoe men were fatally burned. The fate of the imprisoned men is not yet known.

## Alexander Taylor.

Alexander Taylor, aged 70, died at his home near the Brick church, north of Wellsville, Saturday evening, of old age. Funeral services will be held Tuesday morning. Burial at Brick church.

## SOUTH SIDE

CASE TO BE HEARD  
IN NEW YORK CITY

Action of Louis Cunningham, For Alleged Poisoning, Long Delayed.

Louis Cunningham, who has had a case pending in the Pittsburgh courts the past two years, against the firm of Arbuckle Bros., has been informed that the case is out of the jurisdiction of the Pennsylvania courts and has been transferred to New York city, where it will soon be heard. The family of Mr. Cunningham, with the exception of a small child, claim to have been arsenically poisoned through the use of glazed coffee.

The case will be watched with great interest by many who are curious as to the outcome.

## ITALIAN TREED

His Shelter Tipped Over and He Grabbed a Friendly Tree.

An Italian laborer was treed Saturday afternoon. The man had got onto the roof of his shanty on Gardner's Bottom to take observations as to what was drifting down the river, when he felt the shanty moving and it tipped over. To save himself he jumped for a small tree alongside the house.

He made the perilous jump in time to get to safety, and from his perch lustily yelled for assistance. Section Foreman Kenney and his men assisted the frightened man to terra firma.

## Purchased Oil Tools.

J. A. McDonald, Thomas R. Campbell and Robert H. Grandstaff have purchased a string of oil well tools at Marietta. The tools are expected to arrive in Chester the first of next week. Preparations are under way to put the tools in immediate operation in the vicinity of Chester, where the gentlemen have secured much valuable territory that will be developed.

## Shooting Deferred.

The shooting of the oil well on the farm of A. P. Howard & Son, which was to have been done last week, was postponed on account of developments at that time, whereby the shooting would not have been profitable. Messrs. Howard intend shooting the well today and going on with the sinking of another one.

## Railroad Will Resume.

Agent Skinner has received word that traffic will be resumed on the New Cumberland branch tomorrow. A large force of men have been engaged in cutting away the ice and examining the culverts along the line and it is thought the early accommodation train will be up on its regular time.

## Odd Fellows' Meeting.

The newly instituted lodge of Odd Fellows will hold the next regular meeting in Mechanics' hall Wednesday night, and many candidates will be initiated. The lodge intend to adopt a complete outfit as soon as it can be obtained.

## Steam Shovel Arrives.

The steam shovel for use at the park has arrived and will be unloaded from the cars tomorrow or as soon as the men employed on it arrive from New Brighton. The machine is owned by Coates & Co.

## CHESTER NOTES.

Harvey Plankinton has suffered a relapse and is again confined to the house.

A daughter has come to the home of Mr. and Mrs. B. S. Kelch, of Third street.

A young daughter of Reason H. Allison was taken ill Sunday night, but was improved today.

The mill did not resume operations on the midnight turn as usual, on account of the shortage of certain metal that was necessary on a large order. The regular turn will go on at 4 o'clock this afternoon.

John W. Finson, who has been dangerously ill with pneumonia, is recovering.

Harry Cole, of Lawrenceville, for a long period ill with typhoid fever, is getting better.

## Mrs. Sarah Utery.

Lisbon, January 25.—(Special.)—Mrs. Sarah Utery, wife of James Utery, died rather suddenly yesterday morning at her home six miles west of Lisbon in Center township. She had been suffering from a severe cold, but was thought to be getting along all right. The cause of death was heart failure. She was 72 years old and was Miss Sarah Stapleton before her marriage in 1878 and was a native of Elkrun township. She is survived by her husband and two doted daughters, Mrs. Ralph Hanna, near Lisbon, and Mrs. John Arter, near Hanover. A brother, Samuel, lives in Elkrun township. The funeral will be held Wednesday morning.

## A CHILD SEIZED

## BY ITS FATHER

LITTLE ONE TAKEN FROM SALINEVILLE BY S. SALTSMAN.

Sensational Culmination of a Long Series of Family Differences.

Salineville, January 25.—(Special.)—This town was stirred from one end to the other Saturday afternoon by one of the boldest kidnaping exploits ever recorded here. The attempt was in every way successful, and the sensational features have been the sole topic of conversation ever since.

The domestic troubles of Mr. and Mrs. Seward Saltsman have become so well known that people in this community have ceased to take an interest in them, and recently dropped the subject entirely when the husband entered suit for divorce. A temporary agreement had been made between husband and wife whereby the former was to have custody of the two older children, while the infant 11 months old was to remain with its mother.

Saltsman on Saturday, it is said, became enraged at what he believed to be the disgraceful conditions under which his child was living, and came to town from his home one mile south of Salineville, for the express purpose of securing the little one. He sent word to the wife that he desired to see his child, and that she was to bring it to the postoffice. Mrs. Saltsman complied, and the husband soon had his little one in his arms.

Saltsman came to town with a rig and was accompanied by John and Howard Elliott. Soon after securing the baby Saltsman attracted his wife's attention to some other portion of the postoffice and while she was looking in another direction made a bolt for the door. The rig was standing in front of the building, and with the aid of his two confederates Saltsman succeeded in getting clear away. Mrs. Saltsman was apparently distracted with grief at the loss of her child and promises to take steps to recover possession of it.

THROUGH TRAFFIC  
BY STREET CARS

LINE TO THE EAST END TO BE OPEN BY EVENING.

A Big Task to Clear the Tracks of Ice And Flood Debris in the City.

Through traffic on the lines of the United Power company, it is thought, will be resumed this evening. Foreman Hickey with 75 men is engaged in getting the tracks in shape between the power house and Second street.

The work of clearing the track is great and the removing of the heavy ice, which has to be broken and carried in chunks to the river bank makes the progress slow. The men succeeded in clearing the tracks from Ralston's Crossing to the power house this morning, and the cars follow up as far as the tracks are cleared.

Supt. Thomas stated that the slowest work would be that of righting four of the trolley wire poles that have fallen over and are tightly frozen deep in the ground. A shanty boat owned by G. W. Willis, which was washed up onto the street car tracks, still remains where the water carried it.

The owner has not put in an appearance to remove the boat, but as soon as the cars can be brought to the point, the motive power of the company will be used to turn the boat off the street car line.

POTTERY TRUST  
OF \$50,000,000

Rumored Big Combine at Trenton Not Heard of in This City.

A dispatch sent out from Philadelphia states that all the potteries in the United States except three small establishments in remote sections of the country have been combined under an ironclad agreement and bond, which controls the manufacture and sale of pottery throughout America, and speaks of it as a \$50,000,000 trust with headquarters in East Liverpool.

The only record of the trust is on file at Trenton, where the articles incorporating the Pottery Selling company, capital, full paid, \$1,000,000, are held. Local manufacturers who were consulted disclaim any knowledge of such a project. They say the selling company recently formed at Trenton has probably been confused with the Pottery association here.

Verdict for Plaintiff—A verdict for the plaintiff was rendered by Squire McCarron this morning in the case of the American Cash Grocery vs. George Smart. The plaintiff sued for \$54.72 due on a grocery bill. Defendant Grosshans represented the defendant and Attorney Travis the plaintiff.

The Woman's Store SLOAN'S Sixth Street

THE FLOOD'S FURY  
IS NOW EXHAUSTED

Continued from First Page.

up and rode gracefully on the swift current.

Jethro was perhaps the busiest place along the river front, and residents were hard at work since early yesterday morning preparing to move to the lower floors of their houses, all of which had been abandoned when the water showed signs of reaching a dangerous point. The people of this little community have learned to take floods as a matter of course, and went about the task before them as though it was an every day occurrence. It is said there is not one of the probably 15 families who always suffer most who would consent to move to higher ground if they had the opportunity. In this vicinity more than a dozen families were compelled to move everything to an upper story or entirely out of the house, and the buildings were in several instances left completely at the mercy of the flood.

Windows were broken by the heavy ice, outbuildings were carried away and some of the houses twisted on their foundations, but no one seems discouraged and the dwellings are being made inhabitable as rapidly as possible. The most distressing condition confronting the Jethro people is the possibility of a coal famine. When the flood came on but little coal was on hand in any of the homes there, and this has rapidly disappeared since the waters went down. It will be extremely difficult to relieve the suffering, as no wagons can possibly enter the district for several days. The entire hollow is stacked high with ice, and although the water has escaped from beneath, it is well nigh impossible to go about. A large amount of water is still backed up north of the railroad just at the stone culvert, and it is thought several days will elapse before the basin will be entirely empty.

The residents of a large portion of Smith's Ferry are in a bad predicament, caused by the enormous amount of heavy ice left in the wake of the falling river. The ice, very little of it being less than 10 inches in thickness, and much of it gorge ice, has made passage through the streets almost an impossibility. All are busily engaged in making the best of the bad situation.

A dispatch from Toronto last evening said of the situation in that vicin-

ity: Great damage was done to property at New Cumberland, W. Va., and at Empire, two miles from there. Empire is under water and people are camping out in box cars. New Cumberland is almost as bad. To add to the suffering the natural gas is shut off and bitter cold prevails. The Chesapeake China company and ten of the Mack Brick plants and others will be badly damaged. The property loss will exceed \$100,000. Toronto is cut off from the outside world. Five miles east of here on the Cleveland and Pittsburgh railroad the entire hill has slipped down on the track. A steam shovel is working at each end and the road may be open Monday night. South of here the Steubenville Traction company's trestles have floated off. The 1891 mark was just touched here.

## The Candle Nut.

The candle nut is a native of the Pacific islands, and the name is derived from the fact that the kernels are so full of oil that when dried they are stuck on reeds and used as candles. The people of Hawaii, after having roasted these nuts and removed the shells, reduce the kernels to a paste, which is flavored with pepper and salt and is said to be a most appetizing dish. The husk of the nut and the gum which exudes from the tree have medicinal values, while the burned shell of the kukui is used to make an indelible ink with which tattooing is done.

## Figuring It Out.

"Did the old lady give you anything when you took her trunk upstairs without knocking the lid off?" inquired the first porter.

"No, but she thanked me kindly."

"Well, kind words will never die," returned the first porter.

"Neither will they buy groceries,"—Cleveland Leader.

## Disposing of Papa.

"I always contend, sir," said the girl's father meaningly, "that young men should be in bed before 10:30 each night."

"Yes?" replied the young man who was calling on the girl. "I hope you set that good example yourself, sir."—Philadelphia Ledger.

## REALM OF SPORTS

### COSTS A GOOD BIT TO PITCH A CAME

The Average Cost For Each Game in Cleveland Is About \$150.

"The cheapest game pitched for us last season cost us \$60," said an official at Cleveland base ball headquarters. "There were less than 20 games played by the Napoléons last year in which the pitching alone did not cost more than \$100 a game. To offset this there were almost as many games played in which it cost us close to \$400—just for the pitching.

"We had 14 pitchers on our payroll at one time or another and they cost us over \$20,000 for salaries, not to speak of traveling expenses. We played 140 games during the season, so the average cost of the pitching for each game was about \$150. We paid one man \$800 who didn't pitch nine innings for us all season. Another drew \$450 for nothing less than one game.

"We do not complain, for the Cleveland public has been very generous with us, but it might help to soothe the feelings of the objectors some time, when a pitcher is getting his bumps, if they would stop to consider that oftentimes the episode is costing the club owners several hundred dollars, besides destroying a possible asset and causing the loss of a game that may mean the loss of several hundred more dollars in the next days' receipts."

### Great Meeting on Groundhog Day.

February 2 is to be an eventful day in baseball. On that day Ban Johnson, Ned Hanlon and James Hart, representing the American and National leagues and the National Association of Minor leagues, will meet representatives of the outlaw California league and try to bring the coast organization into the fold of legitimate baseball. If the compact is made it will be a day of sack cloth and ashes for the baseball player for all talk of going to the coast will be at an end then.

### Whisner Re-engaged.

George Whisner, who, with "Lefty" Jackson, was Jimmy Breen's star pitcher last summer at Warren, O., will be there again next season. Whisner was with Altoona season before last, and he has turned down numerous offers from minor leagues. His home is at Columbus, where he is wintering.

### SPORTING MISCELLANY.

It looks as if Tim Hurst will not be on the National league umpire staff next season. The rumor has been going the rounds and President Pulliam has not denied it. Pulliam may have trouble getting an official of Tim's caliber and experience.

George Woodruff, the former coach of the Pennsylvania football team, and who last year coached the University of Illinois, has given up football and taken to the woods. He has been appointed attorney to the Bureau of Forestry by President Roosevelt.

Ned Hanlon says that he thinks the Brooklyn team will not suffer any by the loss of Bill Dahlen, although he considers Dahlen as good a shortstop

as any in the business. Charlie Babb and Jack Cronin will be valuable acquisitions to the Superbas the coming year.

Mayor Julius Fleischmann, of Cincinnati, has informed his friends that there is no possibility of his returning to the turf during the season of 1904, as the cares of office and business prevent him from attending to the details of a racing establishment and obtain any pleasure from the running of his horses.

Johnny Kling, the star backstop of the National league, has informed President Hart that he will be married on January 27 to Miss Lillian May Gradwohl, of Kansas City. Kling will be the fourth member of the Cubs to become a benedict since the close of the playing season.

There is more Canarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment pronounced it incurable. Science has proven Canarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Canarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly upon the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address, F. J. CHENEY & CO., Toledo, O. Sold by druggists, 75c. Hall's Family Pills are the best.

### CANNOT STOP VERY LONG.

Exiled Grand Vizier of Persia Journeying Eastward.

San Francisco, Jan. 25.—Mirza Ali Asgar Khan, prime minister of Persia, who arrived here from the Orient en route to Mecca, left this city on the Overland Limited for Chicago. On account of his anxiety to reach his destination the Persian minister lost as little time as possible.

He said he would be unable to accept any attention from the authorities at Washington. He will spend a day in Chicago and a day at Niagara Falls and will sail from New York on Saturday of next week.

### Cured After Suffering Ten Years.

R. E. Hare, Supt. Miami Cycle & Mfg. Co., Middletown, O., suffered for ten years with dyspepsia. He spent hundreds of dollars for medicine and with doctors without receiving any permanent benefit. He says: "One night while feeling exceptionally bad I was about to throw down the evening paper when I saw an item in the paper regarding the merits of Kodol Dyspepsia Cure. I concluded to try it and while I had no faith in it I felt better after the second dose. After using two bottles I am stronger and better than I have been in years, and I recommend Kodol Dyspepsia Cure to my friends and acquaintances suffering from stomach trouble." Sold by Alvin H. Bulker (only).

### Mitchell and Dodd Will Go.

Indianapolis, Jan. 25.—At the convention of the United Mine Workers of America President Mitchell and Secretary Dodd of the Pittsburgh district were elected as delegates to attend the International mining congress at Paris in May.

## MARINES AWE A MOB

Trouble at Seoul, Korea, Prevented by Bold Front of Americans.

### TROLLEY CAR KILLED A NATIVE

Haters of Foreigners Seize the Opportunity to Organize a Demonstration—Incipient Outbreak Promptly Quelled by Sea Soldiers.

Seoul, Korea, Jan. 25.—The killing of a Korean on the street railway here, which is owned and operated by Americans, was the occasion of an anti-American demonstration which was promptly quelled by marines of the American legation guard without the use of weapons. The accident was unavoidable, but the incident furnished a pretext for anti-foreign agitators to foment trouble. The bold front shown by the Americans awed the rioters and they were dispersed with little trouble.

The Korean government has formally declared its neutrality in the event of war between Russia and Japan.

London, Jan. 25.—News from the Far East is not of a very reassuring character. Japan is reported to have landed or as about to land 14,000 troops at Masampo, Korea. The Japanese minister here discredits the story.

St. Petersburg, Jan. 25.—While the Russian government understands the situation in Korea to be disturbed and possibly threatening, it has no information of a situation grave enough to warrant the landing of a large Japanese force there. Russia freely admits Japan's right, under existing conventions, to land in Korea a reasonable number of soldiers to preserve order, but the landing of an army at this stage of the negotiations could not be viewed with equanimity.

The statement published by the Novoe Vremya that because Russia desires peace she cannot surrender all coincides with the distinct impression gathered at the foreign office that Russia will continue to maintain that the question of sovereignty of Manchuria is solely a matter between Russia and China.

The Soviet and the St. Petersburg Listoe have raised an outcry over the reported sending of Chinese troops to Manchuria, and the latter newspaper declares that if it is true that these troops go with the purpose of threatening the railroad between Port Arthur and Vladivostok, it means war with China and not with Japan.

The Russ has attacked the Novoe Vremya for what it terms its colleague's stupid mistake about the destination of the American Asiatic squadron, the Novoe Vremya having said the American warships were going to Nongampo, when actually their destination was Olongapo, in the Philippines, and for presaging American intervention in the Far East.

The Russ declares that as the interests of America are commercial, the American government requires friendly relations with Russia.

### 11,000 ARE HOMELESS.

Fire Destroys Every House in Aalesund, Norway, Except One.

Aalesund, Norway, Jan. 25.—The fire which has swept this town destroyed every building in it with the exception of the hospital. The 11,000 inhabitants of Aalesund were compelled to camp in the open, as only a few damaged and uninhabitable houses were left standing. The children of the town had to be housed temporarily in the church at Borgund.

The panic among the people was so great after the outbreak of the flames that all attempts at leadership or discipline became out of the question. No excesses, however, were committed. The people first endeavored to save some of their property, but they soon found they had quite enough to do to save their own lives. The destruction of the town was complete within a couple of hours. Over 20 steam fishing boats and many sailing smacks were sunk in the harbor in order to save them from the flames, but three steamers and many smacks were burned. It is believed now that only three persons lost their lives.

Succor has arrived from Molde, Bergen and other places and provisions are being distributed. Relief committees have been formed and have invited public subscriptions. The king and queen of Sweden and Norway have contributed \$1,500 to a relief fund and all the other members of the royal family have also subscribed. A majority of the inhabitants of the town lost everything they possessed and only in a very few cases were the damages covered by insurance. Thousands of persons had to spend 24 hours in the open fields, where they were without food and exposed to a bitterly cold wind and a driving rain storm.

### MRS. BECHTEL ACQUITTED.

Dead Son's Name Also Cleared of Suspicion of Sister's Murder.

Allentown, Pa., Jan. 25.—The jury in the Bechtel case has cleared Mrs. Catherine Bechtel of the charge of aiding her son Tom to conceal the evidences of murder, and also cleared the dead man, Thomas Bechtel, of the crime with which he was charged, for the two cases were so interwoven that an acquittal of one must result in the acquittal of the other. This point was strongly brought out by Judge Tre-

buller. The statement published by the Novoe Vremya that because Russia desires peace she cannot surrender all coincides with the distinct impression gathered at the foreign office that Russia will continue to maintain that the question of sovereignty of Manchuria is solely a matter between Russia and China.

The Soviet and the St. Petersburg Listoe have raised an outcry over the reported sending of Chinese troops to Manchuria, and the latter newspaper declares that if it is true that these troops go with the purpose of threatening the railroad between Port Arthur and Vladivostok, it means war with China and not with Japan.

The Russ has attacked the Novoe Vremya for what it terms its colleague's stupid mistake about the destination of the American Asiatic squadron, the Novoe Vremya having said the American warships were going to Nongampo, when actually their destination was Olongapo, in the Philippines, and for presaging American intervention in the Far East.

The Russ declares that as the interests of America are commercial, the American government requires friendly relations with Russia.

It's folly to suffer from that horrible plague of the night, itching piles. Doan's Ointment cures, quickly and permanently. At any drug store, 50 cents.

At this rate through the entire line. Leather Morris Chairs included in this sale.

## Your Credit Is Good. ASK LEWIS BROS. ABOUT IT

ler in his charge to the jury when he declared that the case was one presenting unusual complications, and that if the jury did not believe in Thomas Bechtel's guilt they could not bring in a verdict of guilty against his mother.

The verdict leaves the murder of Mabel Bechtel still a mystery, a mystery, however, which Captain James L. Schaadt, Mrs. Bechtel's lawyer, declares he will devote all of his energies to solving, and that he believes he is on the right track was shown by his denunciation of Alois Eckstein, the dead girl's discredited lover, in open court. The entire audience was breathless as Lawyer Schaadt in scathing terms declared that only Alois Eckstein could have brought the body to the house and placed the dead girl's clothing inside. When the verdict was announced a score of friends of the family rushed forward to congratulate them, but their lawyer hurried them out through a private door and away from the crowd.

In the evening the Bechtels had a happy family reunion, saddened only by the absence of the two whose death brought the trouble upon them.

### KEEPERS ASSAULTED.

Two Prisoners Cowed by Woman With an Empty Revolver.

Norristown, Pa., Jan. 25.—Warden Gotwals and Night Watchman Beckwith of the Montgomery county jail were murderously assaulted last night by two prisoners who made a desperate attempt to escape, but failed. Beckwith was so badly battered that he had to be taken to the Charity hospital. The warden has a half dozen wounds on the head, none of them being serious.

The prisoners who made the assault are Fred Bond and George Cornwallis. The latter called to Beckwith, saying he believed that Bond, who occupied the same cell, was seriously ill. Beckwith summoned Warden Gotwals, who immediately entered. Cornwallis closed the door and both prisoners seized iron bars and pounded the warden until he became unconscious. Then the two prisoners left the cell and assaulted Beckwith, who had made a desperate attempt to help his chief. Beckwith, who is 70 years of age, sank insensible to the floor.

The noise aroused Mrs. Gotwals, who met the prisoners with a revolver. She pointed her weapon at them and ordered them to return to their cells. This, with the screams of Mrs. Gotwals' 16-year-old daughter, frightened the men and they retreated. Mrs. Gotwals' revolver was not loaded.

Not being able to escape, the prisoners were placed in irons.

### A Timely Suggestion.

This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. A almost every instance a severe cold may be ward off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children, for it contains no harmful substance. It is pleasant to take—both adults and children like it. Buy it and you will get the best. It always cures. Sold by Alvin H. Bulker.

### Cheap Tickets to the West.

The P. & L. E. R. R. have placed on sale special low rate tickets to California, Washington, Oregon and points in other western states. For rates, time of trains, etc., write to any P. & L. E. ticket agent, or J. H. Sterling, T. P. A., Pittsburgh, Pa.

### SAFE BLOWER CAUGHT.

Ticket Agent Surprised, Colored Thief While at His Work.

Lexington, Ky., Jan. 25.—Samuel Baughman, colored, was detected in blowing the safe in the ticket office of the Louisville and Nashville railway. He had demolished desks and scattered tickets and papers over the floor and was placing blasting powder in the safe when detected by J. W. West, ticket agent.

Baughman jumped through a window, West firing at him. The police caught Baughman. The machinist who opened the safe said the entire building and other buildings would have been demolished had the fuse been lighted.

# REALM OF SPORTS

## COSTS A GOOD BIT TO PITCH A GAME

The Average Cost For Each Game in Cleveland Is About \$150.

"The cheapest game pitched for us last season cost us \$60," said an official at Cleveland base ball headquarters. "There were less than 20 games played by the Naps last year in which the pitching alone did not cost more than \$100 a game. To offset this there were almost as many games played in which it cost us close to \$400—just for the pitching.

"We had 14 pitchers on our payroll at one time or another and they cost us over \$20,000 for salaries, not to speak of traveling expenses. We played 140 games during the season, so the average cost of the pitching for each game was about \$150. We paid one man \$800 who didn't pitch nine innings for us all season. Another drew \$450 for nothing less than one game.

"We do not complain, for the Cleveland public has been very generous with us, but it might help to soothe the feelings of the objectors some time, when a pitcher is getting his bumps, if they would stop to consider that oftentimes the episode is costing the club owners several hundred dollars, besides destroying a possible asset and causing the loss of a game that may mean the loss of several hundred more dollars in the next day's receipts."

**Great Meeting on Groundhog Day.** February 2 is to be an eventful day in baseball. On that day Ban Johnson, Ned Hanlon and James Hart, representing the American and National leagues and the National Association of Minor leagues, will meet representatives of the outlaw California league and try to bring the coast organization into the fold of legitimate baseball. If the compact is made it will be a day of sack cloth and ashes for the baseball player for all talk of going to the coast will be at an end then.

**Whisner Re-engaged.** George Whisner, who, with "Lefty" Jackson, was Jimmy Breen's star pitcher last summer at Warren, O., will be there again next season. Whisner was with Altoona season before last, and he has turned down numerous offers from minor leagues. His home is at Columbus, where he is wintering.

**SPORTING MISCELLANY.** It looks as if Tim Hurst will not be on the National league umpire staff next season. The rumor has been going the rounds and President Pulliam has not denied it. Pulliam may have trouble getting an official of Tim's caliber and experience.

George Woodruff, the former coach of the Pennsylvania football team, and who last year coached the University of Illinois, has given up football and taken to the woods. He has been appointed attorney to the Bureau of Forestry by President Roosevelt.

Ned Hanlon says that he thinks the Brooklyn team will not suffer any by the loss of Bill Dahlen, although he considers Dahlen as good a shortstop

as any in the business. Charlie Cobb and Jack Cronin will be valuable acquisitions to the Superbas the coming year.

Mayor Julius Fleischmann, of Cincinnati, has informed his friends that there is no possibility of his returning to the turf during the season of 1904, as the cares of office and business prevent him from attending to the details of a racing establishment and obtain any pleasure from the running of his horses.

Johnny Kling, the star backstop of the National league, has informed President Hart that he will be married on January 27 to Miss Lillian May Gradwohl, of Kansas City. Kling will be the fourth member of the Cubs to become a benedict since the close of the playing season.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Halls Catarrh cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly upon the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Halls Family Pills are the best.

**CANNOT STOP VERY LONG.** Exiled Grand Vizier of Persia Journeying Eastward.

San Francisco, Jan. 25.—Mirza Ali Asgar Khan, prime minister of Persia, who arrived here from the Orient en route to Mecca, left this city on the Overland Limited for Chicago. On account of his anxiety to reach his destination the Persian minister lost as little time as possible.

He said he would be unable to accept any attention from the authorities at Washington. He will spend a day in Chicago and a day at Niagara Falls and will sail from New York on Saturday of next week.

**Cured After Suffering Ten Years.** B. F. Hare, Supt. Miami Cycle & Mfg. Co., Middletown, O., suffered for ten years with dyspepsia. He spent hundreds of dollars for medicine and with doctors without receiving any permanent benefit. He says: "One night while feeling exceptionally bad I was about to throw down the evening paper when I saw an item in the paper regarding the merits of Kodol Dyspepsia Cure. I concluded to try it and while I had no faith in it I felt better after the second dose. After using two bottles I am stronger and better than I have been in years, and I recommend Kodol Dyspepsia Cure to my friends and acquaintances suffering from stomach trouble." Sold by Alvin H. Bulger (only).

**Mitchell and Dodd Will Go.** Indianapolis, Jan. 25.—At the convention of the United Mine Workers of America President Mitchell and Secretary Dodd of the Pittsburgh district were elected as delegates to attend the international mining congress at Paris in May.

It's folly to suffer from that horrible plague of the night, itching piles. Doan's Ointment cures, quickly and permanently. At any drug store, 50 cents.

When you ask for Mrs. Austin's Pancake flour, insist upon having it and not some substitute. Say Mrs. Austin's and no other.

A good investment—News Review "want" ads.

# DR. FENNER'S Kidney Backache Cure

Don't become discouraged. There is a cure for you. If necessary write Dr. Fenner. He has spent a lifetime curing just such cases as yours. All consultations are FREE.

**Was in Torture all the Time. Had Pains in His Back.**

Dr. Fenner, Fredonia, N. Y.

Dear Sir:—Some six months ago a friend recommended to me your justly celebrated Kidney and Backache Cure. I was at that time suffering intensely from pains in my back.

My work daily aggravated the complaint and I was in torture all the time. After taking two bottles of your medicine I was relieved and two more completely cured me. I feel like a new man now, thanks to your Remedy, and unhesitatingly recommend it to those suffering as I was.

Sincerely yours,  
Howard Sproule,  
797 Agate St., St. Paul, Minn.

Sold by Druggists, 50c. and \$1. Get Cook Book and Treatise on the Kidneys—FREE. M. M. Fenner, M. D., Fredonia, N. Y.

# MARINES AWE A MOB

Trouble at Seoul, Korea, Prevented by Bold Front of Americans.

TROLLEY CAR KILLED A NATIVE

Haters of Foreigners Seize the Opportunity to Organize a Demonstration—Incipient Outbreak Promptly Quelled by Sea Soldiers.

Seoul, Korea, Jan. 25.—The killing of a Korean on the street railway here, which is owned and operated by Americans, was the occasion of an anti-American demonstration which was promptly quelled by marines of the American legation guard without the use of weapons. The accident was unavoidable, but the incident furnished a pretext for anti-foreign agitators to foment trouble. The bold front shown by the Americans awed the rioters and they were dispersed with little trouble.

The Korean government has formally declared its neutrality in the event of war between Russia and Japan.

London, Jan. 25.—News from the Far East is not of a very reassuring character. Japan is reported to have landed or as about to land 14,000 troops at Masampo, Korea. The Japanese minister here discredits the story.

St. Petersburg, Jan. 25.—While the Russian government understands the situation in Korea to be disturbed and possibly threatening, it has no information of a situation grave enough to warrant the landing of a large Japanese force there. Russia freely admits Japan's right, under existing conventions, to land in Korea a reasonable number of soldiers to preserve order, but the landing of an army at this stage of the negotiations could not be viewed with equanimity.

The statement published by the Novoe Vremya that because Russia desires peace she cannot surrender all coincides with the distinct impression gathered at the foreign office that Russia will continue to maintain that the question of sovereignty of Manchuria is solely a matter between Russia and China.

The Svjet and the St. Petersburg Listoe have raised an outcry over the reported sending of Chinese troops to Manchuria, and the latter newspaper declares that if it is true that these troops go with the purpose of threatening the railroad between Port Arthur and Vladivostok, it means war with China and not with Japan.

The Russ has attacked the Novoe Vremya for what it terms its colleague's stupid mistake about the destination of the American Asiatic squadron, the Novoe Vremya having said the American warships were going to Nongampho, when actually their destination was Olongapo, in the Philippines, and for presaging American intervention in the Far East.

The Russ declares that as the interests of America are commercial, the American government requires friendly relations with Russia.

**11,000 ARE HOMELESS.**

Fire Destroys Every House in Aalesund, Norway, Except One.

Aalesund, Norway, Jan. 25.—The fire which has swept this town destroyed every building in it with the exception of the hospital. The 11,000 inhabitants of Aalesund were compelled to camp in the open, as only a few damaged and uninhabitable houses were left standing. The children of the town had to be housed temporarily in the church at Borgund.

The panic among the people was so great after the outbreak of the flames that all attempts at leadership or discipline became out of the question. No excesses, however, were committed. The people first endeavored to save some of their property, but they soon found they had quite enough to do to save their own lives. The destruction of the town was complete within a couple of hours. Over 20 steam fishing boats and many sailing smacks were sunk in the harbor in order to save them from the flames, but three steamers and many smacks were burned. It is believed now that only three persons lost their lives.

Succor has arrived from Molde, Bergen and other places and provisions are being distributed. Relief committees have been formed and have invited public subscriptions. The king and queen of Sweden and Norway have contributed \$1,500 to a relief fund and all the other members of the royal family have also subscribed. A majority of the inhabitants of the town lost everything they possessed and only in a very few cases were the damages covered by insurance. Thousands of persons had to spend 24 hours in the open fields, where they were without food and exposed to a bitterly cold wind and a driving rain storm.

**MRS. BECHTEL ACQUITTED.**

Dead Son's Name Also Cleared of Suspicion of Sister's Murder.

Allentown, Pa., Jan. 25.—The jury in the Bechtel case has cleared Mrs. Catherine Bechtel of the charge of aiding her son Tom to conceal the evidences of murder, and also cleared the dead man, Thomas Bechtel, of the crime with which he was charged, for the two cases were so interwoven that acquittal of one must result in the acquittal of the other. This point was strongly brought out by Judge Tres-

- \$9.50 Buys a Regular \$17.00 Chair

At this rate through the entire line. Leather Morris Chairs included in this sale.

# Your Credit Is Good. ASK LEWIS BROS. ABOUT IT

ler in his charge to the jury when he declared that the case was one presenting unusual complications, and that if the jury did not believe in Thomas Bechtel's guilt they could not bring in a verdict of guilty against his mother.

The verdict leaves the murder of Mabel Bechtel still a mystery, a mystery, however, which Captain James L. Schaadt, Mrs. Bechtel's lawyer, declares he will devote all of his energies to solving, and that he believes he is on the right track was shown by his denunciation of Alois Eckstein, the dead girl's discredited lover, in open court. The entire audience was breathless as Lawyer Schaadt in scathing terms declared that only Alois Eckstein could have brought the body to the house and placed the dead girl's clothing inside. When the verdict was announced a score of friends of the family rushed forward to congratulate them, but their lawyer hurried them out through a private door and away from the crowd.

In the evening the Bechtels had a happy family reunion, saddened only by the absence of the two whose death brought the trouble upon them.

**KEEPERS ASSAULTED.**

Two Prisoners Cowed by Woman With an Empty Revolver.

Norristown, Pa., Jan. 25.—Warden Gotwals and Night Watchman Beckwith of the Montgomery county jail were murderously assaulted last night by two prisoners who made a desperate attempt to escape, but failed. Beckwith was so badly battered that he had to be taken to the Charity hospital. The warden has a half dozen wounds on the head, none of them being serious.

The prisoners who made the assault are Fred Bond and George Cornwallis. The latter called to Beckwith, saying he believed that Bond, who occupied the same cell, was seriously ill. Beckwith, with summoned Warden Gotwals, who immediately entered. Cornwallis closed the door and both prisoners seized iron bars and pounded the warden until he became unconscious. Then the two prisoners left the cell and assaulted Beckwith, who had made a desperate attempt to help his chief. Beckwith, who is 70 years of age, sank insensible to the floor.

The noise aroused Mrs. Gotwals, who met the prisoners with a revolver. She pointed her weapon at them and ordered them to return to their cells. This, with the screams of Mrs. Gotwals' 16-year-old daughter, frightened the men and they retreated. Mrs. Gotwals' revolver was not loaded.

Not being able to escape, the prisoners were placed in irons.

**A Timely Suggestion.**

This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be ward off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children, for it contains no harmful substance. It is pleasant to take—both adults and children like it. Buy it and you will get the best. It always cures. Sold by Alvin H. Bulger.

**Cheap Tickets to the West.**

The P. & L. E. R. R. have placed on sale special low rate tickets to California, Washington, Oregon and points in other western states. For rates, time of trains, etc., write to P. & L. E. ticket agent, or J. H. Sterling, T. P. A., Pittsburg, Pa.

# SAFE BLOWER CAUGHT.

Ticket Agent Surprised, Colored Thief While at His Work.

Lexington, Ky., Jan. 25.—Samuel Baughman, colored, was detected in blowing the safe in the ticket office of the Louisville and Nashville railway. He had demolished desks and scattered tickets and papers over the floor and was placing blasting powder in the safe when detected by J. W. West, ticket agent.

Baughman jumped through a window, West firing at him. The police caught Baughman. The machinist who opened the safe said the entire building and other buildings would have been demolished had the fuse been lighted.

## HOME AFFAIRS

Brief Notes of a Personal Nature  
And of Matters About  
Town.

**Broke Her Arm—**Miss Ola Burlingame, aged 13, of the Calcutta road, fell down stairs at her home and broke her right arm. She is a sister of Stephen Burlingame, the young man who was badly injured while coasting recently.

**May Be the Manse—**The residence of Postmaster W. H. Surles, on East Third street, may become the new parsonage or manse of the First Presbyterian church. The church trustees have taken an option on it.

## LIGHTED A FIRE WITH CARBON OIL

Mrs. Frank Gailley Was Badly Burned,  
But Received No Permanent Injuries.

Lisbon, January 25.—(Special.)—Mrs. Frank Gailley was badly burned at 9 o'clock Saturday morning while trying to revive a furnace fire with carbon oil. She had poured a quantity of oil on the apparently dead coals, which had evidently retained considerable heat, and when she threw in a lighted match the gas that had generated, ignited with an explosion that threw her across the cellar. She was dazed for a few moments, and was fortunate that her clothing did not take fire.

Her face and arms were badly burned, and before medical aid arrived she was nearly frantic with pain. No bad results are feared and her physicians say that while she has suffered painful injuries she will not be disfigured.

## Petition in Partition.

Lisbon, January 25.—(Special.)—Josephine McMillan, through her attorney, Conrad Hume, of Lisbon, has filed a petition in partition against Sarah J. and George Williams, Thomas Huston and 10 others, asking that her one-sixth interest in 71.14 acres in Madison township be set off to her as an heir of her father, William C. Williams, deceased.

Home news complete in this paper.

## It Sets the Style!

What do we mean when we say that the styles of most of the shoes for women originate with the "Queen Quality" shoes?

Simply this. The "Queen Quality" is, and always has been a leader. It gets up its own original patterns at great expense and has established a reputation for the style and beauty of its creations. Other makers are content to await their appearance, and then copy them as closely as possible.

Boots \$3.00.

Special styles 50c extra. Fast color eyelets.  
Do not wear brasses.

**R. W. SAMPLE & CO.**

DIAMOND, EAST LIVERPOOL, O.  
PUBLIC SQUARE, WELLSVILLE, O

## WILLIAM BLAKELY'S CASE

The Fact That He Was Indicted a Surprise to Citizens Generally.

William (Biddle) Blakely, who was arrested on Saturday evening by Officer Dunn and taken to Lisbon this morning by Deputy Sheriff Terrence to answer to court for two charges, pocket picking and larceny, was indicted by the grand jury last week. Residents of the city generally were surprised upon learning of his arrest. He was fined \$5 and costs a few weeks ago on a charge of disorderly conduct, when it was held by the solicitor that the evidence against him would not convict him of robbing Felix Huise, the particulars of which are still fresh in the minds of News Review readers. The penalty for pocket picking is from one to five years in the penitentiary. Deputy Sheriff Terrence also took Charles Parker, a bartender, to Lisbon. He is charged with selling to a habitual drunkard.

## SEATS FOR CLERKS

Women Employes in Stores Ask That The Law Be Enforced in This City.

A concerted plan has been agreed upon by the lady clerks of the city to have the law enforced which is mandatory that seats shall be supplied the clerks when they are not actively engaged in business.

The young ladies are determined to ask their employers to live up to the law and in their purpose they have the sympathy of many. It is not known when the formal demand will be made, but the clerks have been talking of it for weeks and it is likely to occur at any time.

## FINE HOUSE DESTROYED

While the Family Were at Church on Sunday Morning.

Salineville, January 25.—(Special.)—The fine home of Abraham Heasley, two miles west of Summitville, was burned to the foundation walls Sunday forenoon while the members of the family were at church. The neighbors saw the flames in time to save the household furniture that was on the first floor. The house was almost new.

## New Church Officials.

At a congregational meeting of the First Christian church on Broadway yesterday, the following officers were elected: Elder, Homer Rutledge; trustee, O. C. Vodrey; deacons, Oscar Allison, H. C. Walters, C. R. Reese, William Green; clerk, Judson C. King; financial secretary, C. R. Reese; treasurer, J. A. Cullum; chorister, Mary Lloyd; assistant chorister, J. D. Torrence; pianist, Clara Wagner; assistant pianist, Lillian Bradfield; deaconess, Mrs. W. R. Grafton, Mrs. Katherine Bradfield, Miss Emma McKenty.

## Dangerously Ill.

Mike Reynolds, a well known local potter, who has been working in Salem for some time, is lying dangerously ill at the Taylor hospital. He came over to visit friends Saturday night and shortly after his arrival was stricken with something akin to paralysis.

## Many Inquiries for Bonds.

Auditor Davidson reports that he has received at least 20 letters of inquiry from bond companies concerning the \$35,000 worth of bonds to be sold to meet the indebtedness incurred by the improvement of Pennsylvania avenue.

## May Be Called as Pastor.

Lisbon, January 25.—(Special.)—Rev. S. I. Young, of McKeesport, Pa., preached in the U. P. church here yesterday morning and evening. His services have been so acceptable to the congregation that an effort will probably be made to secure him as permanent pastor.

Subscribe for the News Review.

## ACCUSED OF THEFT OF \$100,000

A New Hampshire Trust Treasurer Arrested on An Embezzlement Charge.

Nashua, N. H., January 25.—(Special.)—John Goggin, treasurer of the National Trust company, was arrested here today charged with embezzling \$100,000. The institution is temporarily closed.

## GERMANS LOST HEAVILY

Tried to Relieve a Southwest African Town and Were Repulsed.

Berlin, January 25.—(Special.)—The Germans lost heavily in attempting to relieve Okahandj, German Southwest Africa. The natives are now threatening Windhoek.

## A PARSON'S PREDICAMENT.

How Rev. Dr. Vandewater Was Placed in an Unpleasant Situation.

Friends of Rev. Dr. George R. Vandewater, rector of St. Andrew's Protestant Episcopal church, New York, are concerned over the position in which the clergyman is placed as a result of a decree of divorce recently granted to Mrs. Adele F. Watt against her husband, A. Watt.

Dr. Vandewater was named as co-respondent in a counter suit brought by Mr. Watt against his wife for absolute divorce and under the laws of New York was entitled to offer testimony to disprove the charge against him. Notwithstanding that the clergyman had demanded the opportunity to clear his

Photo by Rockwood.

REV. DR. GEORGE R. VANDEWATER.

name of the blot put upon it, the case was tried in secret before a referee in another county, thus depriving him of the opportunity of defending himself further than he has done by filing in court a sworn denial of the charges.

Rev. Dr. George R. Vandewater is one of the most prominent clergymen of the church in New York. He was born in Flushing, N. Y., forty-nine years ago, attended the Flushing Institute and was graduated from Cornell university in 1874. His theological alma mater is the General Seminary of the State of New York, where he completed his course in 1877. The following year he was sent to take charge of a small parish at Oyster Bay. In three years he had built up a wide reputation as an organizer and a powerful preacher.

In 1886 Bishop Potter appointed Dr. Vandewater head missionary for the United States, and in that capacity he traveled extensively throughout the country. The following year he accepted a call to St. Andrew's and immediately set about the work of building a new church. He is a trustee of Cornell university and since 1892 has been chaplain of Columbia university.

Dr. Vandewater obtained leave of absence from his church at the opening of the Spanish war and went to Cuba as chaplain of the Seventy-first regiment. After the war was over several members of the regiment said complimentary things about him, and he resigned. Later the vestrymen of St. Andrew's adopted resolutions praising his conduct on the battlefield and at home.

300 bushel of home grown potatoes which we will sell at 90c a bushel.

## ANSWER OF CHIEF JOHN W. WYMAN

Continued from First Page.

and during the term of one year thereafter."

Admits that on the 11th day of September, 1903, said board of public safety began an examination of applicants for offices and places of employment in the classified service of said city and for admission to the classified list thereof; admits that the defendant was an applicant for admission to such examination; that he was admitted thereto and that he took and passed said examination by a general average of not less than the minimum fixed by the said board of public safety; admits that the defendant's name—which, as an incumbent of the office of chief of police, had therefore been furnished by the board of public safety to the mayor, in pursuance of section 158 of the Municipal Code—was thereupon entered upon the official register or list which was prepared by the board of public safety for each grade or class of positions in the classified service of said city, as provided in section 164 of the Municipal Code; admits that the board of public safety thereupon certified to the mayor the names and addresses of the three candidates standing highest upon said register or list for the class or grade to which said position belonged; admits that the defendant was one of the three so certified, that his name was also upon the list of incumbents furnished by the board of public safety to the mayor, as provided by section 158 of the Municipal Code, and that the defendant was thereupon appointed by said mayor as chief of police of said city to fill the vacancy existing in said office when the Municipal Code took effect, and that the defendant thereupon duly qualified as such chief of police and has ever since been and is now lawfully exercising the powers and discharging the duties of chief of police of said city.

Except as hereinabove specifically admitted to be true, the defendant expressly denies each and every allegation contained in the petition. Wherefore, defendant prays that said petition may be dismissed and that he may have judgment against the plaintiff for his costs herein incurred.

JOHN WYMAN,

By Brookes & Thompson and Billingsley, Clark & De Ford, His Attorneys.

The State of Ohio, Columbiana county,

ss. John W. Wyman, being first duly sworn, says that the allegations of his foregoing answer are true as he verily believes.

## LOCAL OPTION IN THE WARDS

Continued from Fifth Page.

Though no positive statements have been made by any of the churches or other temperance sympathizers, it is understood that as soon as the ward local option measure is passed, petitions will be circulated and the saloons run out of at least two wards of the city.

## IPE AND BRADLEY WERE RELEASED

**Mayor Did Not Find Evidence to Hold Them on Burglary Charge.**

Charles Ipe and Ernest Bradley, arrested Friday on a charge preferred against them by William Morrow, who alleged that they robbed his saloon on Thursday evening, were dismissed by the mayor after the preliminary hearing Saturday afternoon.

A number of witnesses testified in the case, most of them for the prosecution, but the mayor did not feel that the evidence was sufficient to warrant him in binding the accused men over to court and dismissed the case.

and during the term of one year thereafter."

Admits that on the 11th day of September, 1903, said board of public safety began an examination of applicants for offices and places of employment in the classified service of said city and for admission to the classified list thereof; admits that the defendant was an applicant for admission to such examination; that he was admitted thereto and that he took and passed said examination by a general average of not less than the minimum fixed by the said board of public safety; admits that the defendant's name—which, as an incumbent of the office of chief of police, had therefore been furnished by the board of public safety to the mayor, in pursuance of section 158 of the Municipal Code—was thereupon entered upon the official register or list which was prepared by the board of public safety for each grade or class of positions in the classified service of said city, as provided in section 164 of the Municipal Code; admits that the board of public safety thereupon certified to the mayor the names and addresses of the three candidates standing highest upon said register or list for the class or grade to which said position belonged; admits that the defendant was one of the three so certified, that his name was also upon the list of incumbents furnished by the board of public safety to the mayor, as provided by section 158 of the Municipal Code, and that the defendant was thereupon appointed by said mayor as chief of police of said city to fill the vacancy existing in said office when the Municipal Code took effect, and that the defendant thereupon duly qualified as such chief of police and has ever since been and is now lawfully exercising the powers and discharging the duties of chief of police of said city.

Except as hereinabove specifically admitted to be true, the defendant expressly denies each and every allegation contained in the petition.

Wherefore, defendant prays that said petition may be dismissed and that he may have judgment against the plaintiff for his costs herein incurred.

JOHN WYMAN,

By Brookes & Thompson and Billingsley, Clark & De Ford, His Attorneys.

The State of Ohio, Columbiana county,

ss. John W. Wyman, being first duly sworn, says that the allegations of his foregoing answer are true as he verily believes.
